Our Inspiration . . .

MAKE CHANGE HAPPEN: DO NOT WAIT FOR CHANGE TO HAPPEN TO YOU

India has come a long way in its economic, social, and political evolution in the short space of 20 years. The geographical landscape, both urban and rural has changed and is unrecognizable from its 20 year vintage. Socially it has changed almost unbelievably to the extent that generation gap is not about between parents and children, but even within the generation. Thus, what a 30 year old has seen in his formative years is a matter of mere hearsay for a 15 year old! This is what evolution is all about and it happens almost imperceptibly. Yet, we must be aware of these changes and evolve along with the times. Else, we risk being stranded between the past and present and lose out on the future!

This is one reason why I have tried to keep pace with the onslaught of time – always ready for its relentless march – yet ensuring that I don't resist it, but adapt to it so that I do not get isolated in a world that has no place for misfits today. The difference between misery and solace, sorrow and happiness is all about how we respond to changes in our lives. Once we learn to understand that change is the only constant and *reconcile* to it, rather than *resign* ourselves to it, we would have won the battle and come out supreme!

My advice to the young in age, and young at heart, always is to learn to make the most of the opportunities for growth which are now available in plenty as compared to a few years ago and to give 'change' a new meaning, by making it happen, rather than allowing it to dictate terms for you to adhere. Experience the immense satisfaction and happiness you get out of being able to successfully negotiate and win over change at every stage of life.

I wish all the best to my young friends.

Editorial

Anubhuti enters into Eight year with this publication, a budding tender plant flourishing into a self-contending tree grounded firmly into the past and solidifying the future. The NAAC peer team also appreciated editorial team for their creative work which provides platform to staff members and students to showcase their hidden talent. The editorial board like every year went through a stupendous task of selecting and finalizing the best of the best creative material for the magazine. We are overwhelmed with the humongous response both by the students and the staff members with their drafts.

“When you write more and more personal it becomes more and more universal.”

Writing is an act of reacting to the environment around you. An expression is a basic instinct of thoughtful mind and the act of writing is one of the fountain head of ideas that springs into poem or article. The writing comes to life when it meets its reader. Students are most enthusiastic budding creative expressionist who just need a platform to throw their ideas and emotions on the paper. A college magazine is there to capitulate all those expressions for the tasteful readers. “Anubhuti” is one of the most eagerly awaited moment for students, staff and all those associated with Indira family. The college magazine which showcases the literary expressions, social awareness and recognition to all the achievers in the academic and extracurricular activities, strengthens the internal bonding amongst the Indiraitees as one family.

We tried our best to accommodate all the deserving articles and poems into the magazine hope this seventh edition of Anubhuti will set the bar higher with its interesting and novel material which will certainly astonish the reader. We would be delighted to receive your valuable feedback for motivation and self-retrospection.

My Journey Towards Football

Football is just a game for others but for me it is my passion, my pride, my attitude. So, starting with it I am Samiran Roy, from Kolkata. When I was in junior school, I started getting interest for football. Slowly I started to love it and that's when I developed an unconditional love for football. The more I played the more I got interested in it and at that point of time I understood that, football is going to be my career and my dream.

The first step I took was to develop my skills to become the best player so I joined coaching classes for football. During my high school I learned football and when I reached my junior college, I started playing matches.

My first match was in 11th std, at district level, I remember I was so excited. After the district win, it was turn for the nationals, that I played in Goa, Wow! what an experience of victory it was. As I started and got more interested in it and also improved my skills... leaving district and national matches I have been a part of many local matches too. Then came the turning point in my life when I got selected for guess what... the International match, by the Greenbox mini football club, where I travelled all the way to Spain representing my country INDIA. Believe me, I felt amazing to represent my country in Spain. We won three matches in Spain, it was a very proud moment for all. My journey of football has started in a great speed and there is a lot more waiting for me in future. I would also like to mention that my family played an important role in encouraging me and motivating me, they give me a lot of strength, to give my 100% in football.

Lastly, My dream is to make an Indian team which will be a part of FIFA world cup. To conclude, without football, my life is worth nothing.'

A man who knew Infinity A life of Genius Ramanujan - Robert Kanigel

It is a magic, tragic, ugly - duckling fable that Robert Kanigel tells in the Book. In it, a greatly gifted man is born to a culture that doesn't understand what the man is about, still his talents blossom until news of him spread to other side of the world. Where he is eventually summoned by the master of his skills. The man goes among them and performs his magic. But away from home, the man grows lonely and ill. He returns to his Birthplace only to die.

The ugly duckling in question is of course 'Srinivasa Ramanujan' An Indian clerk who in 1913, at the age of 25, wrote letter to G. H. Hardy, an English Mathematician to consider some ideas the Ramanujan had about numbers. After six years, Hardy recognized the ideas in letter and managed Ramanujan's study in Cambridge.

The intimacy of Ramanujan's with number was great. He finally succeeded to prove his law of infinity against the great mathematician of that time. In this time period Ramanujan was affected by 'Tuberculosis' (TB). He also tried to commit suicide. After his success he returned to Tamilnadu, India to meet his mother and wife and to die.

The writer of this book Mr. Robert Kanigel met Ramanujan's wife before writing this book. He expressed Ramanujan's Hardwork, passion and greatness of his law. Ramanujan was great. This serves only to confirm. What Hardy said after looking at letter by Ramanujan in 1913, "Defeated me completely," I had never seen anything in the least like them before."

"Everyday I watch a dream"

Everyday I watch a dream
 with all my passion and compassion
 It involves a huge piece of glam
 somewhere high, somewhere dim
 I will fought for all the struggles
 all I have to face
 for the untold dream and unseen passion
 This is for what I have maintain a pace.
 Clear vision and solitude company
 remains to me with huge harmony
 huge desires with little flame of fires.
 and an gonna face it all without
 getting being fired.
 someties I look to cloud in hopeful way
 and stars twinkles gazing at me
 with full of gay.
 Sometimes, encourages me
 sometimes scolds at me
 But never dries to tear me apart
 whenever am sad or glee.
 Newday comes up each in every old life
 Every battle of life has to be fought,
 It can be either difficult or can be too risky
 you can never gain a pearl
 until you dive into deep sea.
 Oh, yeah, everyday I watch a dream
 But with no amount of calculations
 and no number of roads
 I have to traveled on.
 Its just the rhythm of life on which
 I like to follows on.

I have learned

I have learned, I came alone and
 I have to go alone
 I have learned, people use us duly
 when they need us, not eltheuise.
 I have learned, exetra care of anyone
 will being a blame on you and not
 appreciation.
 I have learned a simple lie by our
 close one can break us more than
 metting.
 Ultimately I have learned love
 yourself and have people but only if
 you can do it without expecting
 nothing from them.

God's gift - Mother

A mother Who always cares,
 A mother Who always there
 A mother will always pray
 A mother ??always stay
 When things get tough
 When life gets tough
 When all is just too much to blow.
 Gods' ???she slimes
 So blessed god made
 this mother mine

It dreams in the air,

Dream is like a divine
It may be a birds that swings

It shows the way to go to the

to grab their our powers
And to make their precision life

Trees

Tree, Tree, Tree what is a tree?
Its' God's gift to mankind in free.
Trees give us shade, they give us wood.
Haven't we all played
under them in childhood?
Birds build nests in them, bees make hives.
They give us vegetable,
fruits, colourful flowers.
They help nature to bring down rain.
To protect and preserve them is our duty.

Some people day 10th is very serious
But I say it is mysterious
Days of 10th are horrible
But they all very possible

The days of 10th will come and go
But we should never be slow
We should be passionate
This will make people appreciable

The days of 10th are a must

Life's Endless journey

The endless journey of life,
with perfect blend of spices and stress like ??
Sometimes I wish I could be able to move on,
to the path, which I have made by my own.
The only thing i demand for,
not the money, not the fame but place and calmness.
No accidents so far but yes many
clashesouvred in between.
Some things where it will get appreciated
somewhere where it will get appreciated,
Somewhere some things will get ruined up too.
Life only decides to play only such games
of which you don't love any idea about it.
The teachings of life it has been taught
nighter be repeated nor be separate.
The only thing you bound to do is
either you cherish or you share it
The more you throw out solutions to your problem
The more you jumbled up its complexities.
Life's endless journey Never come up with
complications.
But to it we made it not by choosing but by
the choices we have made till ??

What is life?

Sometimes soft as silk sometimes
sharp as a knife
Life is a blessing as well as prison.
And for this opinion I have a lot of reasons
Standing all alone facing the harsh time
But surrounded by people
during your good season
Sometimes you get
what you strongly expect
life is really beautiful, no one can deny
But it is cruel as well, you'll know
this when you'll cry
you told me : "Life is nightingale."
I told you : "Life is night in a jail"
For me it's a mission, for you its a tale
A life is a journey and love : its destiny
But it is through deserts not through vales
Its a journey in the dark;
you would need a spark
But beware that there are terrible gales
You cared and now nobody is on your side
There are some people around us calling
themselves "a friend".
But a very few of them stay
with us until the end
A new challenge waiting,
as you move ahead
One single mistake buddy and you are dead!
Despite these facts I bow before life
It makes a poet from a common man
Everyone in this world has the right to live
And flight believing in loss and gain
It gave me hope, it taught me love
I learned a lot from this 'night in jail'
I kept on conquering all hurdles
And kept on singing nightingale
"Life is unfair" because
of the delusion that it should be fair
Life is sweet, say thank you and celebrate
Life is bitter, say thank you and grow
Life is same; our views are different
For me it's a mission for you its a tale.

To the share of Eternity
Ages and ages hence
great men stage to the world
we are blessed to have a unique
man in our age
He is none other than our dear Kalam
The world awaited his voice
marveled at his dreams
poured respect on this very man
Who made difference with his life
A great lover of humanity
Whose words and deed's inspired many
never allowed his mind to sleep
gave wings to his dreams
has an abrupt end.
The world shed its tears
at the demise of its dear son
we have lost a visionary scientist
a friend, guide and a teacher
we can't fill his absence anymore
what a peaceful death it was
god has taken back his breath
as a soft breeze
yes he was unique in all its sense
Dear kalam as you are
proud of our country
we are proud of all
you have done for us
now our prayer to almighty
is let our youths be ignited
with your dreams.

Life : A Magical Dream.....

Wake up. Head to college, study, Head Home,
 Study Dinner, Sleep Repeat.
 Wake up. Head to college study.
 Head Home. study Dinner. sleep. Repeat
 Wake up. Head to college. Work. Head
 Home.... time out. Is this as good as it gets?
 What happened to living life to the fullest?
 Where is the daring adventure that we dreamed
 about as a kid? Many of us have lost the
 passion for adventure that filled our childhood.
 The problem is that in our age of technological
 revolution we have written off adventure and
 exploration as things of the past, no longer
 necessary, thanks to our newfound, ever
 evolving capabilities. What we need to realize
 is that it is not the discovery of new things that
 is important for the average man, but the
 understanding ourselves which we often
 acquire through high adventure. Perhaps it is
 best to of look to an old pro in the art of
 adventure for some insight into the true
 reasoning behind it. The world is a book and
 every step turns a new page so Skip some
 steps..... decide your journey... follow your
 own gut. dont live the price years of life based
 on what people are doing or what has been
 thought to you.... Take pride in your work,
 your passion. Break barriers and get out there
 say yes to new adventure. The things are going
 to be different and difficult tomorrow so live
 your life to the fullest and lets wander where
 the wifi is weak and cherish each and every
 moment of your life;
 Life is full of Adventure so live it up!!....

I was flying, flying away from the ghosts of my past and.....

Today as I stood for my transport to arrive the
 cold wind kept blasting which caused a shooting
 pain in my body, I was unable to distinguish
 between it being pain from my broken leg or my
 broken heart! As I passed by people sitting
 around a bonfire to warm their chilled bodies I
 thought if i would find a fire to warm my heart,
 Because the coldness was creeping in. Bit by bit,
 inch by inch Gnawing against the inner sides
 freezing the blood flowing through my pumping
 Heart. Thoughts forming the fire in me. First :
 My family, the mere thought of them brought
 tears in my eyes both of happiness and sadness,
 happiness for I had the best parents loving and
 caring. Sadness for the distance separating me
 from them. The warmth felt good. Second :
 Friends, Most important part of the life for me
 lessons in my life. Thinking of
 friends/Realized/Hand some who gave me the
 best memories and those were the same one's
 who taught me the hardest of all lessons. And i
 felt the coldness spreading from the centre of my
 chest and rushing I changes the thought.
 And all this While I realized that I forgot which
 place I belonged to, what was the time. The
 reason being that the clock of my life had
 stopped months Ago, Days ago, locking me in
 the past preventing from racing Ahead. Where
 time had stopped for some of us it raced ahead
 for others making it difficult to walk on. I
 stopped and I saw something mind shattering. I
 saw that my soul, faced me asking me to move
 on, accept and walk ahead, to break all strings
 and fly high like a baloon of Helium that isn't
 afraid of heights. I shook hands with my soul
 and felt myself being lifted off the ground
 leaving behind everyone! I was flying! Flying
 away from the ghosts of my past and holding a
 peaceful smile on my face!) For I realized that
 minute that my old self was dead and I was
 evolving from the remains of my dead! My
 Fossils to be discovered by
 someone else to learn to fly!:)

Why Poverty!

This world is full of injustice, but this is what how we can push it back and find out a solution for it, there is most inequality in this modern age, I would like to discuss about the gap between rich and poor.

Richest 1% will own more than all the rest by 2016, in other word the richest 1% will overtake that of the other 99% of people next year unless the current trend of raising inequality is checked. Oxfam warned today ahead of the annual world economic forum. In this recent a research paper published by Oxfam, shows that the richest 1% have seen their share of global wealth increase from 44% in 2009 to 48% in 2014 and at this rate will be more than 50% in 2016.

Member of this global elite had an average of \$2,7 million per adult in 2014, of the remaining 52% of global wealth almost all (46%) is owned by the rest richest fifth of the world's population. The other 80% share just 5.5% and had an average wealth of \$3,851 per adult - that's 1/700th of the average wealth of the 1%. Bill gates one of the richest man in the world has more than the national wealth of 38 different countries, include Dominica, Grenada, Guyana, Niger and Madagascar (moneynation.com 2 years ago research.)

India :

Mukesh Ambani one of the richest man in the India is worth than half of India states (Hindustantimes.com) there is so much disparity between poor and rich in india, according to global wealth report 2016 Indias top 1% of the population owning nearly 60% of the total wealth.

The explosion in inequality is holding back the fight against global poverty, at a time when 1 in 9 people do not have enough to eat and more than a billion people still live on less than \$ 1,25 a day. Extreme inequality is hampers the private sector bottom line and also has other serious problems.

Solution :

1. The change will come when the rich peoples donate their wealth to worlds poor.
2. A systematic research for a complete and new economic system (instead of capitalism and socialism).
3. No interest rate (Zero %)
4. Study of ethical and moral issues.

For applying these well we need to self-justification and an invisible hand power which is related with religious basis. I hope this experience will be beneficial for even up this huge gap.

As I passed by people sitting around a bonfire to warm their chilled bodies I thought if I would find a fire to warm my heart, because the coldness was creeping in. Bit by bit, inche by inche gnawing against the inner sides freezing the blood flowing through my pumping heart. Thoughts forming a mesh around my mind like a spider spinning it web around its prey. I thought of all the possible warmth to ignite the fire in me. First : My family, the mere thought of them brought tears in my eyes both of happiness and sadness, Happiness for i had the best parents loving and caring, sadness for the distance separating me from them. “जो एक हाथ आएगा

वो दूसरे हाथ जाएगा”

हम है अपने मन के स्वामी
पल में हसते है पल में रोते है।
क्यों हो झगडा क्यों होलडाई,
जब पता है उसे, जो एक हाथ आएगा,
वो दूसरे हाथ जाएगा।
पानी जैसे है यादे और रेत जैसा है वक्त
जो साफ है पंछी हंस जैसा और
बहता है झरने के नहर जैसा,
क्यों पकड कर रखना चाहते हो उसे,
जब पता है जो एक हाथ आएगा।
पानी जैसे है यादे और रेत जैसा है वक्त
जो साफ है पंछी हंस जैसा और
बहता है झरने के नहर जैसा
क्यों पकड कर रखना चाहते है।
उसे जब पता है एक हाथ आएगा,
वो दुसरे हात जाएगा।
हर किसान के नजर है उस उंचे बादल पर,
जिससे बारिश की बूंदे मोती बन टिप टिपाँगे,
और हर आँगन गाँव का खुशीयों के
अमाज से लहलहाएगा।
पर क्यों लगाना उस बेरूखे मौसम से
जब पता है उसेजो एक हाथ आएगा,
वो दूसरे हाथ जाएगा।
किस्मत की चोटी दुओं से नहीं बनती
बल्कि बनती है अपने कर्मों से
लक का सिक्का उसका ही चलता है
जो कडी मेहनत कर अपने भाग्य को बदलने कि
हिंमत रखता है।
फिर भी यह जानते हुए लोग क्यों
माथा टिकते है मंदिरों मे,
जब पता है जो एक हाथ आएगा,
वो दूसरे हाथ जाएगा।

“वक्त की कलम”

वक्त की कलम हो या नाहो
रेतपर बिखरे जैसे हर वक्त की सुई
पर अपनी किस्मत रूकानी है,
कोई जीतता अपने बनाए वजूद पर है
तो कोई जीतता अपने उसूलों पर हैं।
पर मैं जीतूंगा अपने द्वारा बनाए गए
बुलंद हौसलों से।
हर सुबह का सूरज जब भी हो आसमान पर,
सलाम है मेरा उसके किए गए हर काम पर।
हरशाम काचंदा जब ही हो तैनात वहाँ पर।
होगा मेरा पहरा भी उसके हर मुस्कान पर।
बारिशों को बूँदो से ना बिखरताहूँ मै,
मैं तो बाजार में मिलना वाला कोगुड्डा हूँ,
जो गिरकर भी हँसता है और
टूटकर भी साथ रहता है।
खुदको है बनाया मजबूत
खारा हैं अच्छे वक्त की रोटी और पिया है
साहस का पानी सब काघर वहीं बनाना चाहा
जहाँ फक्र का झंडा लहरा नाथा।
मेरे वक्त की कलम तो वो खुदाका बनाया
हुआ रास्ता है।
जिसपर हर आते जाते
मुसाफिर सफर करना चाहते हैं।
जिसमें उनकी कही -
अन कही कारवाह बनेंगे,
और अच्छे वक्त का इतिहास दौहरेगा
एक बार फिर।

कॅपसेंटर - प्राध्यापकांची रोजगार हमी योजना

सालबादा प्रमाणे विद्यापीठ परीक्षा घेतात. विद्यार्थी तेवढ्याच तन्मयतेने आणि प्रामाणिकपणे परीक्षा देतात. सरते शेवटी विद्यार्थ्यांचं गड्डा बंद भविष्य नेमून दिलेल्या कॅपसेंटरवर येऊन पडतं.

कॅपसेंटरबद्दल बरंचकाहीऐकलं होतं. त्यामुळेवर्षभर वर्गात मुलांना शिकवण्यामुळे आणि केलेल्या बऱ्याच संशोधन उपद्रव्यापामुळे पिचून गेलेल्या समस्त प्राध्यापकांचं हवापालटाच ठिकाण आहे कि काय असं एकंदर वाटायला लागलं.

कॅपसेंटर म्हणजे काहीतरी कॉन्फिडेंन्सअल, नियमांना चिटकून चालणारी व्यवस्था वगैरे वाटत होती. पण गेला बाजारी विद्येच्या माहेर घरातील एकासेंटरवर काय भानगडी झाल्या आणि नापासाचे पास कसे झाले हे वृत्तपत्र जाहीर झालं होतं.

ही एक विद्यार्थी?? व्यवस्था आहे. विद्यार्थ्यांवर कुठलाही अन्याय होऊ न देता हार्पोल्हासित वातावरणात जरा ही उबग येऊ न देता काम केलं जातं. कानगीदाखल बोलायचं झालं तर प्रत्येकाला आपल्या जिव्याचे (आपल्याच पडावयाचे... च म्हणतोय) गड्डे घेऊन (लढ्ठे लेकाचे) कुठेही फेरधरून बसायची मुभाआहे. कोणत्या टोळीत बसायचं हे आपल्या आवडीप्रमाणे ठरवता येतं. मात्र उत्तरपत्रिकांचा गड्डा कॅपसेंटरच्या बोल्ट इराण्याच्या टपरीवर चहा पीता पीतां तपासायला सपशेल बंदीआहे. (नशीब विद्यार्थ्यांचं) हे विशेष.

या कॅपसेंटरवर इरसालनमुने (प्राध्यापक) भेटतात. त्यातील काही दिवसभरात टारगेट ठेवूनच कॅपसेंटरची पायरी चढतात. नुसतीच हजेरी लावून रोजच्या टी.ए.ची सोय लावून दिवसभर स्वतःची अशैक्षणिक कामं करणारे इथे भेटतात. काहींनी तर कुलगुरुंकडून कॅपसेंटरचे आजीव सदस्यत्व पदरातपाडून घेतले आहे. त्यासाठी विद्यापीठ कायद्यात बदल केला असं ऐकिवात आहे. हे सरस्वतीचे (की लक्ष्मीचे) उपासक दरसाल विद्यापीठाच्या नव्हे विद्यार्थ्यांच्या पैशावर डल्ला मारत असतात. फक्त ही व्यवस्था तुम्हांला मॅनेज करता यायला पाहिजे. दुनिया झुकती है झुकाने वाला चाहिये” ज्याला जमत नाहीतो आत-बाहेर होतो. ज्यांना पटत नाही ते त्याच्या नादी लागत नाहीत. ते प्राणायम करत नाही.

तर या शैक्षणिक महानकार्यातसहभागीहोण्यासाठी पात्रताकाय आहे? आताहाखरा (खुरा) मुद्दा आहे. एक तर तुम्हांला एका गोष्टीचं भान ठेवायला हवं. ते म्हणजे परीक्षेचे निकाल. परीक्षेचे निकाल नियमानुसार पंचेचाळीस दिवसात जाहीर करायचे असल्याने इथे येणारा प्राध्यापक हिशेब वकुबाचा असला पाहिजे. तो निष्णात व वेगवान पेपर तपासणीस असावा. ज्याप्रमाणे टायपिंग आणि ४० शब्द प्रति मिनिट हा उपयुक्त वेगगणला व मानला जातो. त्याप्रमाणे साठ उत्तरपत्रिका प्रतिघंटा (घंटा च्या मायला...) या वेगाने हात चालवता यायला पाहिजे. अगदी डोळे झाकून उत्तर पत्रिका तपासणारा असेल तर सोन्याहून पिवळं. (थॅक गॉड मोदी सरकारच्या कौशल्य विकास कार्यक्रमाचं. शेवटी काय ४५ दिवसांत निकाल लावायचाआहे.)

एवढंच नाही तर तुमची गुप अॅडमिनिशी ओळख पाहिजे. नुसतीच ओळख कामाची नाही तर घसरटच हवी. (गुप अॅडमिन म्हणजे श्रीगुरुदेवदत्त महाराज म्हणजे तुमच्या विषयाचे चेअरमन.) हे गुप अॅडमिन जास्तही असू शकतात. तुमची ओळख नसेल तर तुम्हांला तुमची ओळख पटवून द्यावी लागते. ईर कोणी चुकूनही तुम्हांला गुपमध्ये सामिल करून घेणार नाही. मग कॅप सुरु होण्या पूर्वी एळाद्या गोरज मुहूर्तावर (इतर ही शुभ मुहूर्त चालतील...) श्रीदत्त महाराजांना फोन करून तुम्ही किती गरजवंतआहात... तुमचं दारिद्र्य रेषे खालचं कार्ड

(रेषेवरचं नाही.) रेशनकार्ड.... इत्यादी लक्षणं त्यांना सांगितल्या नंतर तुमच्या सारख्या विषय तज्ञाची किती आवश्यकता आहे... वगैरे वगैरे पटवून देता यायला पाहिजे. या सर्व दिव्या तून सहि सलामत पार झाल्यावर तुमचं नातं सोनेरी अक्षरांत लिहिलं जातं आणि सदस्यत्वाची बहाली होते. (पण दिसत निळं किंवा काळं)

मग सहा महिन्याचा जुजबी अनुभव असलेल्यान वागत प्राध्यापका पासून ते अनेक हिवाळे व उन्हाळे (कॅपसेंटरला पावसाळा नसतो.) अनुभवलेले प्राध्यापक पाहायला व ऐकायला मिळतात. बरं ही सगळी मंडळी वागायला बोलायला, वावरायला कुलगुरुंपेक्षा काही कमी नाही.)

यांचा कामाचा उरक म्हणजे, ही मंडळी पाठ-मान एक करून गट्टेच्या गट्टे संपवतात. त्यात कधी दुसरा विषयाचाही ?? जातो. एळाद्या सरकारी गोदामाला जशा उंदीर घुशी लागतात तसं एवढं लेखणी तोंड काम त्यांनी संशोधन वा अभ्यासात केलं असतं तर कदाचित भलं नसत का झालं! पण मग विद्यापीठ निकालाचे काय? हो तेही बरोबर आहे.

लड्ड पण काय तर ही प्राध्यापकांसाठी वरदान ठरलेली, रोजगार हमी योजनाच आहे. सर्व प्राध्यापक वृद्धांनी 'रोहो' जनक वि.क्ष.पागे यांचे आयुष्यभर नव्हे जन्मोजन्मी आभार मानले पाहिजे. धन्य ते ?? पागे.

असो जर विद्यापीठाने पेपर तपासणीचे काम 'आऊटसोर्स' करून... प्राध्यापकांना फक्त संशोधन आणि शिकवणे करायला सांगितलं तर....

पण हे पाचवे सहावे (येऊ घातलेला सातवा) वेतन धारी धनुर्धर सरस्वतीचे उपासक (?) उघड्यावर पडतील. त्यांच्या पोरा बाळांचं काय आणि कसं होणार? आणि पाण्याला ते महागहोतील... असा सहानुभूती पूर्वक विचार कदाचित कुलगुरु करत नसतील का....?

कुलगुरुंनी तरी ही काळजावर दगड ठेवून फतवा काढला तर.....

I-MUN

The 5th edition of Indira Model United Nations (i-MUN) conference resonates with the beat and vibration in the heart of ICCS. This year we have marched further together with a new team of i-MUN 2016. This year we hosted four new councils of assembly which are as follows.

1. United Nations Security Council- Under the charter the Security Council has primary responsibilities for the maintenance of international peace and security. It has 15 members and each member has one vote. Addressing the borderline conflicts in South Asia is the agenda of this year's Security Council.

2. United Nations Women- The organization is governed by a multi-tiered intergovernmental governance structure in-charge of providing normative and operational policy guidance. Violation of women's rights in the name of religion and culture is this year's agenda.

3. Rajyasabha- The rajyasabha or the council of states is the upper house of the parliament of India. Membership of rajyasabha is limited by the constitution to a maximum of 250 members, and current laws have provisioned for 245 members. This year we discuss the issues regarding demonetisation of Indian currency in lieu of the RBI act, 1949.

4. United Nations High Commission for Refugees- In urban areas, many refugees share accommodation or live in non-functional public buildings, collective centers, slums and informal types of settlements. UNHCR struggles for advocacy, asylum and migration, cash-based interventions, coordinating assistance, education, ending settlements, public health and shelter. This year we have discussed the current issues such as rehabilitation of Syrian Refugees.

i-MUN 2016 has reached the epitome of success in Pune with the participation of more than 125 delegates from all over India.
