Principal's Address

We are all poised on the threshold of history where the economy as well as the system of education is witnessing a series of changes which are unprecedented. In the present turbulent times, India has emerged as a powerful nation on the world map. That the youth of India must be prepared for the future challenges is the need of the hour. It's a Herculean task. We at Indira College of Commerce & Science endeavor to equip our students with all the skill-sets required to face the challenges of life. While striving to achieve this, we must also remember,

“Man is neither mere intellect, nor the gross animal body, nor the heart or soul alone. A proper and harmonious combination of all these three is required for the making of the whole man and constitutes the economics of education.”
M.K. Gandhi

In India, the city of Pune is famous for its quality education imparted in the renowned educational institutions. Indira College of Commerce & Science is one of them. Here the student community is privileged and feels inspired by the multicultural atmosphere and academic excellence of its teaching faculty. Along with academics, students are given opportunities to develop and discover their talents in co-curricular activities. The campus has best of the facilities and IT enabled infrastructure to realize their potential.

At Indira we provide competitive and challenging educational environment which demands continuous update of knowledge, information and technology. Education here is focused on the overall growth of a student transforming him into a confident, capable and decisive individual who can translate his dreams into reality. The aim is to foster good values and make him a responsible citizen of India and of the world community at large. Indira has successfully established synergy between the vibrancy of the youth and the wisdom of the experienced faculty members which makes learning an enriching experience. The dynamic team of Indira with its vision and dedication makes the graduating experience at Indira College of Commerce & Science a milestone in the student's career.

Experience it yourself.

Dr. Anjali Kalkar

Principal

Indira College of Commerce and Science.

EDITORIAL

“To be conscious that you are ignorant is a great step to knowledge..”

-Benjamin Disraeli

This is fourth ICCS College Magazine which would certainly improve inter-departmental knowledge sharing and recognition of all the achievers, be it in academics or extracurricular activities. This would further strengthen bonding among ‘Indiraites’ who are part of one family.

It required earnest endeavors from all members of editorial team to show their journalistic skills for understanding content and managerial skills for creating an editorial strategy. But it could not have been created without great enthusiasm shown by our own students who are voice of future and possess limitless talent which is also showcased in this magazine.

We had some criteria for selecting entries and that is why some articles could not be selected. But that does not mean that they were less deserving or lacked content. It’s just that they were not fitting here.

We hope this magazine makes an interesting read for all of you. We would be happier to receive your valuable feedbacks and suggestions.

IGI at a Glance

Shree Chanakya Education Society's “Indira Group of Institutes”

Shree Chanakya Education Society (SCES), Pune, was established in 1994, with the explicit vision to provide sustainable impetus to the corporate and entrepreneurial abilities in the youth.

The realization that a robust framework of education is indispensable for the growth of global leaders, the visionary, **Dr. Tarita Shankar**, Chairperson, Indira Group, integrated her pursuit of excellence and articulated educational institutions, known as **Indira Group of Institutes** (IGI), which imbibe human excellence and demonstrate strong social values, with a single minded pursuit of developing the youth to become business leaders.

Unrelenting initiatives by the management team at Indira led to adding of multi-disciplines such as Management, Information Technology, Pharmacy, Commerce, Science, Engineering and Mass Communication to the group. And growth has been as deep as it has been wide. With 14 institutions, IGI now offers education right from Kindergarten to Doctorate level studies.

IGI believes in the economic independence of individuals. In this endeavor we aim to inspire our post graduate students to create a niche for them selves in the Indian Economic order first, and then compete globally. We owe our gratitude to the Indian Industry for consistently collaborating with us in this endeavor. Renowned industrialists have visited us and tremendously enhanced the morale of our students by sharing their vast knowledge and experience about entrepreneurial opportunities and foster a spirit of entrepreneurship amongst students.

Having traversed the journey of thirteen years we have ourselves made certain significant achievements which we are aware, are but the building blocks for achieving further heights.

- Indira is ranked amongst the top 2 B-schools in Pune, by the prestigious AIMA - IMJ.
- The same journal gave us a top 30, all India ranking on the parameters of Industry interface.
- Our students have shown good academic results and have been at the level of university ranking.
- The achievements of our students have enabled them to attract some of the best corporate recruiters.
- Indira Group of Institutes and our goodwill has enabled us to establish campus agreement with Microsoft for using different software.
- Our goodwill with Microsoft was further accentuated with Microsoft conducting workshops at Indira, for train the trainer modules.
- Business India has also ranked us amongst the top 3 in Pune for last 2 yrs.
- Our Institutes have received accreditation from various certifying bodies.
- Indira Institute of Management was the first management institute in Maharashtra to receive the accreditation from the NBA, New Delhi.
- We also have our audiovisual centers supported by Harvard Business School, Stanford, Pyramid Media and Tom Peters Company and we have vast collection of titles.

Indira is a group renowned for its commitment to the student – from toddlers to schoolgoing children, to undergraduate and postgraduate students – their total development- is it academic, personality, moral character, physical, sports and spiritual, we ensure the children entering our corridors leave as total individuals.

‘आयुर्विज्ञान क्षेत्रात संगणकशास्त्रास संधी’

चिंपरी : प्रतिनिधी

संगणकशास्त्र व गणिती विज्ञान विषयास आयुर्विज्ञान व आरोग्य क्षेत्रात येणाऱ्या दशकात खूप मोठ्या रोजगाराच्या संधी निर्माण होणार आहेत, त्यासाठी तरुणांनी संगणक ज्ञानाबरोबर आयुर्विज्ञान आणि नैने तंत्रज्ञान विषयाचे ज्ञान संपादन करावे, असे आवाहन जेष्ठ संशोधक व डॉ. डी. वाय. पाटील विद्यापीठाचे (कोल्हापूर) कुलगुरू डॉ. एस. एच. पवार यांनी व्यक्त केले.

इंदिरा कॉलेज ऑफ कॉमर्स अँड सायन्स येथे दोन दिवसांचे संगणकशास्त्र व गणिती विज्ञानच्या राष्ट्रीय परिषदेच्या उद्घाटन कार्यक्रमात प्रमुख पाहुणे म्हणून डॉ. एस. एच. पवार उपस्थित होते.

ताथवडे येथील इंदिरा कॉलेज ऑफ कॉमर्स अँड सायन्स येथे दोन दिवसांच्या संगणकशास्त्र व गणिती विज्ञानच्या राष्ट्रीय परिषदेत ५५ शोधनिबंध सादरीकरणासाठी निवडलेले आहेत. या सर्व शोधनिबंधांचे संकलन करून या पुस्तकाचे प्रकाशन या कार्यक्रमात करण्यात आले.

दोन दिवसांच्या या राष्ट्रीय परिषदेत देशभरातून १५० हून अधिक प्रतिनिधी, प्राध्यापक, संशोधक व विद्यार्थ्यांनी सहभाग घेतला आहे. या राष्ट्रीय परिषदेसाठी एकूण ९० शोधनिबंध प्राप्त झाले

असून, त्यापैकी ५५ शोधनिबंध सादरीकरणासाठी निवडलेले आहेत. या सर्व शोधनिबंधांचे संकलन करून या पुस्तकाचे प्रकाशन या कार्यक्रमात करण्यात आले. राष्ट्रीय परिषदेच्या पहिल्या दिवशी डॉ. व्ही. के. काळे,

डॉ. एस. के. वैद्य आणि डॉ. अपूर्वा देसाई यांचे चीजभाषण झाले.

यामध्ये डॉ. अपूर्वा देसाई यांनी पोलिसांसाठी उपयुक्त असलेल्या प्रकल्पाचे सादरीकरण केले. त्यांनी हा प्रकल्प सुरुत (गुजरात) येथे पोलिसांसाठी प्रायोगिक तत्वावर सुरु केला असून, या प्रकल्पास पंतप्रधानांच्या हस्ते त्यांना विशेष पारितोषिक मिळालेले आहे. पहिल्या दिवशी ३० शोधनिबंधांचे सादरीकरण झाले.

कार्यक्रमाचे सूत्रसंचालन प्रा. शिवेंद्र भूषण यांनी केले. या परिषदेसाठी प्रा. महेश जगताप, प्रा. सरिता वैगर, प्रा. अधिनी शेंडे आणि सर्व प्राध्यापकांनी विशेष परिश्रम घेतले.

POEM
Music...my life

Music is Sa Re Ga Ma Pa Dha Ni,
Breathing life and energy into me,
Soft chanting of mantras in the morning
Rejuvenates the soul and brings peace to me.

Music is a powerful tool for expression
Of my thoughts, desires, dreams and feelings
Of my anxiety, tears, depression and pain
And I feel it running everywhere in my vein

Through my music I can....
feel the presence of God and weep in my pain
sing when I feel happy and dance when i feel free
reconnect to my soul and feel the bliss deep inside
really be 'me' and dream what i wanna be

CrowdFunding: An alternate source of finance

Crowdfunding is a new upcoming source of finance. This source is from a large pool of people called as the "crowd"—usually found online through a web platform like social media website. It is supported by an organization (the "platform") which brings together the project initiator and *the crowd*. The finance can be used for a nonprofit campaign (e.g. to raise funds for a school or social service organization), a political campaign (to support a candidate or political party), a philanthropic campaign (e.g. for emergency funds for an ill person or to produce an emerging artist), a commercial campaign (e.g. to create and sell a new product) or a financing campaign for a start-up company. The crowd provides financial and knowledge support to project initiator.

Depending on the kind of reward that the people (crowd) agree to receive upon giving money, one can distinguish between at least three types of Crowdfunding. -1- Donation-based Crowdfunding, in which the people essentially donate money to support a cause. -2- Reward-based Crowdfunding, in which the people receive a reward with a clear monetary value in exchange of the pledge. -3- Credit-based Crowdfunding (more commonly called Peer-to-Peer lending ("Crowd-lending")), in which the people lend the money and receives an interest rate in exchange. -4- Equity-based Crowdfunding, in which the people receive shares of a company in exchange of the money pledged.

The term is a part of a much larger concept called as Crowdsourcing. It is the practice of obtaining needed services, ideas, or content by soliciting contributions from a large group of people, especially from an online community. Audience fragmentation and online advertising atomisation have transformed existing business models. Among them, non-profit institutions and community-funded platforms are the most innovative and relevant alternatives. They promote audience involvement using Crowdfunding. For these new models, profit margins and income are unwelcome. These institutions are actually changing the paradigm of traditional sources of finance. This virtual system extends beyond the realm of traditional organization to make a real impact on the lives of millions of individuals across national borders.

This concept is very old and a few examples are shared for your understanding of the concept. In 17th century this business model was used to finance book prints through subscription model. In 1884, the American Committee for the Statue of Liberty ran out of funds for the Statue's pedestal. American public donated toward the pedestal and raised over \$100,000 in six months from more than 125,000 people. Artistshare, based in the United States, referred to as "a pioneering crowd-financing platform", was launched in October 2003, Electric El Shock, a Japanese rock band who has toured the world, became one of the first bands to fully embrace Crowdfunding by raising £10,000 from 100 fans. The JOBS Act was signed into law by President Obama on April 5, 2012 to set forth specific rules and guidelines for legalization of Crowdfunding.

In India the concept is still not legal but Securities market regulator SEBI will soon come out with guidelines. Still India has massive crowdfunding success stories: Reliance Industries founder Dhirubhai Ambani crowdfunded his small textile business by communities across the state of Gujarat. Goa Project and campaigns like Teach for India are all examples of crowdfunding for social change. Crowdfunding is slowly becoming an alternative funding channel for the film industry. Film Director Pawan Kumar from Karnataka recently raised Rs 51 lakh using Facebook and other platforms. Places of worship, for example, are built overnight using a large number of donations. The Reserve Bank of India in 2011 approved Milaap, a non-profit microfinance institution to crowdfund from the overseas.

The concept of online crowdfunding is new to the India but with the majority of the population of young and working, the country should soon legalize and adopt Crowdfunding as an alternate source of finance to boost e-commerce activities. India may soon bring in the requisite laws to support this, as efficient crowdfunding system can really play the role of catalyst in bringing the startup ideas into reality.

“**Invention** is the discovery of new ideas & Methods, **Innovation** occurs when an invention is commercialized by bringing it to the market”

Self help groups have proved to be very important vehicle for financial inclusion. Successful financial inclusion ensures the economic development with balanced spread which is the need of the day. Not only developing countries but also the developed countries are benefited with the Self Help Groups .In many facets of the life SHGs are proved to be beneficial to the country from economic and social point of view.

SHGs are very much beneficial but they are lagging behind just because they are totally blank on the marketing front. Few exceptional SHGs have achieved commercial success by adopting good marketing strategy. Now a day there is a need to create Innovative environment culture among the Marketing units. Marketers will have to come up with innovative ideas for the sake of satisfying consumer needs with commercial advantage to the marketer in this competitive world.

Here the discussion is regarding such an exceptional case of Swameeni Mahila Bachat Gat. Two years before, Mrs. Sulabha Ubale, Purchased a double deck bus from the forest department which was just a scrap Material. This bus was converted in to beautiful restaurant as “Meals on Wheels” through Swameeni Mahila Bachat Gat. Meals on Wheels is doing its business very well at Bakti Shakti Chauk Nigadi Pune.

In the little span it has gained a lot of fame, established its Name and now doing business with a commercial success in true sense.

Mr. Arun Kumar and N Meenakshi have focused on the need to be innovative for corporate marketer. I would like to stress upon the same point for the Marketing of the products by Self Help Groups. As we all know the progress of SHGs is very essential for enhancing the rate of economic development that too with a balanced spread. Now almost two decades have passed that the SHG movement is in motion. Therefore now we find the SHGs have been sound on the financial grounds, also they are successful in producing the products on a comparatively large scale with improved Quality. But as I have observed they are blank on the marketing front, with few exception.

Exhibit 1

Components of innovation

We find three important elements of innovation :

1. Expectations of the Consumer: the marketer should think about the consumers’ taste & like so that he can launch a innovative product or launch the product innovatively.
2. Commercially and technically affordable by Marketer (SHGs): the innovative idea may be very good but may not be commercially sound that is to say by implementing the idea the marketer must be in a position to earn higher rate of return on his investment and efforts made by him
Also the idea should be technically sound to be physically implemented in the reality. There should not be any technical problems while using the idea commercially.
3. Viable in the Market place: the innovative idea should be accepted by all types of consumers. That means workable.

Thus by testing the innovative idea from all point of views

then it is implemented by the marketer.

In the same manner **Swameeni** have used the double deck bus for marketing the snacks.

To survive and to flourish in this competitive era the marketers have no choice but to innovate new products or to market the products innovatively. This research will be an example proving that the innovation is not the madness but it is the key to commercial success. It will be a motivating case for other SHGs to follow the innovative practices. Even though the SHGs are trying their level best they are not gaining the returns

proportionately. By adopting the innovative marketing strategy, they will not only survive but flourish resulting into the push up to the economic development.

Self Help Groups: are the groups of ten to twenty people coming together for solving their financial problem mutually by way of collecting their savings and using it to invest for their mutual benefit.

Innovative Practices: the Practices which are not the well set practices or which are not the traditional one. The practices which are totally new in nature are called as innovative practices.

Commercial Success: Means receiving higher rate of return on the investment.

Mrs. Sulbha Ubale was motivated by a web site mayor of London and she thought to have similar kind of business at Pune for the members of SHGs. Initially she invested Rs. 50000 on the said project by purchasing a double deck bus which was with forest department as a scrap. The average of this vehicle is just 2km/pl. This scrap bus was converted into a restaurant at Chakan work shop. The first deck was used as kitchen , where waste water management system was also implemented. Even the arrangement for cooking water is available with cooking accessories. The second deck is open for the visitors with tables and chairs. Good arrangement for ventilation is there with small side fans.

Variety of food is available here including all types of snacks.

Exhibit 2: the double deck bus at customer food service

Exhibit 3: the first deck : Kitchen

Exhibit 4: the Second deck: Seating arrangement for the consumers

Exhibit 5: Variety of food available, the promotion of the food product at the spot

Exhibit 6 a: the change in the vehicle

Exhibit 6 b: the change in the vehicle

Exhibit 7: Drinking water arrangement

Self-help group are the small vendors who do not have luxury of spending high on marketing and advertisement. Yet their creativity and innovation lead to them towards success. As social members we also need to encourage them in their attempts.
Bahujan Sukhay-Bhahujan Hitay....

Every morning as I wake up.....

When I wake up every morning and as I think of my dream, it charges me to move a few steps in reaching my goal. All I have to say that it makes me more anxious and it pushes me to harness my energy to put my best in everything I do.

Unless and until I realize that achieving my dream is my birthright, then only I can succeed in overcoming my negative thoughts which hinder in achieving my objectives.

Every morning when I ponder upon my dream, I say to myself, "I am the architect of my own future". No matter what is in store for me in the day ahead. This helps me to release myself from the prison of my past, for so special is my dream.

My mentors say to me , " dream big "and I realize these big dreams simply engage my imagination and abilities to such a level that it brings out my creativity in action for I know results matter.

And again, next morning as I wake up, I know that Father God showers upon me, with a new and fresh anointing and I am lead by His grace. And as I stand that very moment it is my Father God, it is His grace that I stand firm and I pray that my dreams be His will. As I know unless I abide in Him I am nothing.

All throughout my day, in all things I do, every act of courage I display, every act of goodness and self responsibility I shoulder, gently transforms me and helps me in stepping ahead towards my goal, for I know my dream is the desire of my heart.

And on one fine morning as I speak of my dream to a special person in my life, I know my conversation deepens my conviction, keeps me awaked of my dreams, make me more challenging.

And again, every morning as I wake up and lift my entire day, I pray to my Father God, to bestow me with the strength to endure struggle and pain, that it isn't a negative experience, but just an opportunity in the road of self –mastery.

And this morning, I surrender to my God, all my pain and hurts, for I know in pain I give pain, in hurt I hurt others, else I know I can walk backwards in achieving my dreams.

Finally, I pray to my Father God that with His grace that I may exercise self control, without which I know that I will never reach my goal.

Mrs. Marceline Fernandes

ICCS

CORPORATE SOCIAL RESPONSIBILITY (CSR) ACTIVITY

MAHINDRA FINANCE

Impact India's Lifeline Express

(8th-18th Dec. 2013)

Karad, Maharashtra

!GOING SOCIAL ON WHEELS!

It's amazing when today's generation is so much aware of the social needs & at the same time enthusiastic to contribute their best for social & environmental welfare. The students of ICCS were nowhere an exception to it. With a great zeal to contribute for humanity they put their body, mind & soul to accomplish the social responsibility activity undertaken.

Students of Indira College of Commerce & Science volunteered the medical project by Mahindra Finance conducted under C.S.R (Corporate Social Responsibility) activity which Mahindra Finance undertook with the help of Impact India's "Life Line Express" in Maharashtra at Karad railway station and government hospital situated in small city of Karad.(8th Dec 2013 to 18th Dec 2013)

The **Lifeline Express** or **Jeevan Rekha Express** is a mobile hospital train run by the Impact India Foundation. It was developed in collaboration with the Indian Railways and Health Ministry. It started on 16 July 1991; so far the service has benefitted 400,000 Indians in the remotest rural parts of the country over the course of approximately ninety-three projects.

The Lifeline express was started to provide on-the-spot diagnostic, medical and advanced surgical treatment for preventive and curative interventions for disabled adults and children for outreach into inaccessible rural areas where medical services are not available; offered using the Indian Railway Network which is the largest in the world. In addition to providing access to these much needed service, the Lifeline express seeks to improve the efficiency of the existing local government and voluntary health infrastructure and services, as well as providing initiative and encouragement for the local bodies to get involved in all aspects of the programme and provide follow-up services after the train has left.

The Lifeline Express provides a number of medical services including

- Orthopaedic and surgical intervention for correction of handicap and restoration of movement, especially those as a result of polio.
- Ophthalmological procedures and interventions, e.g. cataract surgery and intraocular lenses.
- Audiometric and surgical interventions for restoration of hearing.
- Surgical correction of Cleft palate.
- Epilepsy - Screening and treatment clinic run by a Neurologist along with counselling and education about epilepsy given by Epilepsy counsellors
- Counselling and referral services.
- Liaison with local health authorities and follow-up.
- Immunisations and other preventive measures.
- Nutritional assessment and services.
- Promotion of Health awareness among the deprived in the neglected rural and semi-urban areas
- Providing training to medical and allied-health professionals and other voluntary personnel in surgical procedures, medical and health issues for work in unique field situations.

The train visits different parts of the country, usually rural areas with insufficient medical facilities, or areas hit by natural disasters, etc., and stays in each place for several days while medical care (routine as well as major surgery) is provided to the local people. The train which was started in 1991 is still operating.

This was a Corporate Social Responsibility (CSR) initiative by Mahindra & Mahindra Services Limited and Impact India's (Mumbai) at Karad railway station, Dist. Satara (Maharashtra) from 8th-23rd Dec. 2013. General & specialised check up for Ear, Cleft, Dental, Eye & Epilepsy were undertaken by doctor's team from Mumbai, Lucknow, Delhi & Kolkata. The project was supported by Indira College of Commerce & Science wherein our Students volunteered enthusiastically for provision of administrative assistance to the medical team. This was undertaken as an institutional Social responsibility Activity under the guidance of our beloved Principal Dr. Anjali Kalkar who encouraged & motivated the students to contribute for social welfare.

Ms. Riya Doshi
(Assistant Professor)

Sports

Sports

Mission:

- Install values and life-skills to achieve success.
- Provide quality-based sport experiences and holistic development of Student-athletes.
- Infuse equality, team spirit and harmony amongst everyone.

Vision:

- Embrace the 6 core values of responsibility, respect, trustworthiness, fairness, caring & citizenship.
- Achieve excellence in sports.
- To provide adequate infrastructure facilities for sports and games so that students choose and participate in the events for which they have flair.
- To spot and groom the sports talent.
- To foster, better human relations through sports and games.
- To imbibe in the students discipline, leadership qualities, courage and the sense of belonging through sports activities.
- To train the students to receive success and defeat equanimously.

The college sports department works in consultation with the sports committee comprising teachers and Physical Education Director, Mr. Kishor Pathare in ICCS. The sports committee plans sports schedule for each academic year. The college has a sports field for different games like Football, Volley ball and including a special Basket ball court. Indoor sports like Chess, Table tennis, etc. are equally encouraged.

The college has a healthy practice of giving priority to outstanding sport persons during admissions. Being a prestigious institution in the city, there is a great demand for admission under sports quota.

An impressively large number of students took part in the various Inter-collegiate competitions which were organised by the Pune Dist. Sports Zone - Pune University. Many students have been selected for Inter-Zonal, Inter-University level competitions. We had some outstanding players like ANIKET JADHAV (Basketball) & ROSHAN POOJARI (Boxing) who have participated for the ALL INDIA UNIVERSITY competition and represented the UNIVERSITY OF PUNE.

We also organised inter class competition in Volleyball, Basketball, Table Tennis and Chess for the promotion of mass participation of students in the field of sports. The main objective of this activity is that maximum students can participate in sports. It was also a great stress buster for students. Near about 200 students participated and performed well in sports. Not only students, but our Teaching & Non teaching staff members also participated and enjoyed the sports.

Whenever and wherever we got an opportunity to participate in the various competitions we did not fail to show our students talent. Our students have participated in the various events and won the prizes listed below :

PUNE DIST. ZONAL PLAYERS OF THE YEAR 2013-2014

NO	NAME	EVENT	VENUE	DATE	POSITION

Debating Competition

7th State Level Late Shri Shankarrao Wakalkar Debating Competition, 6th September 2013

Topic: Is IPL useful for cricket?

Games and Sports are a part and parcel of education. The aim of education is physical, mental and moral development of a student. A sound body contains a sound mind. If the boy is weak, the mind cannot be strong. A healthy mind cannot be found in a sick body. Games are as necessary for education as books for studies. Books develop the mind and the soul while games develop body.

“The battle of Waterloo was won on the play fields of Eton” is a famous statement. Napoleon was a world conqueror but England defeated Napoleon at the battle of Waterloo. The leaders and the soldiers for the battle of Waterloo came from among the boys who had played games in their school days at Eton. Their early training in the play field stood them instead at the battle field as well. The games teach the students leadership, team spirit and sportsmanship. These qualities among the young students will make them the best citizens of tomorrow. Free India needs still young men to defend her freedom. India cannot afford to maintain a large standing army sufficient to meet all her defense needs. Our students must build strong physiques so that they can serve as soldiers in reserve in time of wars.

This state level Debating Competition is in the memory of Late Shri Shankarrao Wakalkar, an eminent social worker and educationist from Pune.

The Competition was held on 6th September 2013 at Dhruv Auditorium.

- **Shri. Makarand Tillu, Marathi Performer**, was the chief guest for the Debate Competition.
- The judges for the competition were **Prof. Vishal Bhole** and **Dr. Sangita Ghodake**.
- Competition was inaugurated by hands of Mr. Makarand Tillu, Smt. Sarita Wakalkar, Ms. Tarita Shankar, Chairperson of IGI and Prof. Chetan Wakalkar, Group Director, IGI
- In all **61 teams from 27 colleges** had participated this year for the competition.
- Colleges like D.Y. Patil College, Sant Dnyaneshwar College, Nevasa, Y. B. Patil Polytechnic, College of Computer Science, IBMR, Camp Education, PICT, JSPM Participated in the competition.

Winners of the Competition:

Prize distribution was been done in auspicious presence of our beloved ‘**Mummy**’, **Smt. Sarita Wakalkar** on same day of competition.

Winning Team:

Y. B. Patil Polytechnic: Manali Shinde and Deval Kulkarni

Individual Prizes

- **1st Prize:** Harshal Kumar (D.Y. Patil College)
- **2nd Prize:** Gurumit Kaur (Sent Meera)
- **3rd Prize:** Aditya Anand(Sinhagad College of Science)
- **1st Consolation:** Ganesh Patil
- **2nd Consolation:** Sanoja Thiyagarjah

Organizing Committee Members:

Dr. A.P. Kalkar, Prof. J. A. Pawar, Prof. Vijay D. More, Prof. Nandkumar Shinde, Prof. Nalanda Wani.

Prizes for the Competition:

1. **Trophy for Winner Team**
2. **Individual Prizes**

- 1st Prize: Rs. 1111/-
- 2nd Prize: Rs. 901/-
- 3rd Prize: Rs. 701/-
- Consolation 1st: Rs. 251/-
- Consolation 2nd: Rs. 251/-

Inauguration of Debating Competition: Chief Guest Mr. Makarand Tillu, Smt. Sarita Wakalkar, Chairperson Ms. Tarita Shankar, Prof. Chetan Wakalkar, Judges Prof. Vishal Bhole and Dr. Sangita Ghodake.

Inaugural Speech by Mr. Makarand Tillu.

Winners of the Debating competition with Smt. Sarita Wakalkar.

Events Section

GUSTO

GUSTO PLAN8 – JUSTICE TO JUNK

'Gusto', the word itself grasps the meaning of 'Enjoyment or vigour in accomplishing a mission' and this is one ideal enthusiastic treat for the Indiraites to work as a team and develop as one at a national arena.

Eight years ago, a great initiative was inspired which unknowingly gave insight to the youth brain of Indira to create something 'Fresh and fine'. With the helping hand and appropriate guidance of Prof. Prashant Kalshetti, 'GUSTO' the episode was formed and nourished by the youth for youth. So now we are very much take pride in stating that Gusto has now reached heights from a standard inter collegiate level to a pan India event.

"It was a sight to behold for the cheering crowd and the echoing youth spirit.

Indira College of Commerce and Science presented the great creation in the silhouette of 'Gusto Plan8 – Justice to Junk' on the 24th, 25th & 26th of February 2014

It all began with the inaugural ceremony which started off with the welcoming dance depicting the The story of Lord Krishna and the badging ceremony followed by the speeches by the dignitaries and revealing of the Gusto trophy in presence of Prof. Chetan Wakalkar – Group Director - IGI, Dr. Anjali Kalkar – Principal in-charge – ICCS, Prof. Janardan Pawar – Vice principal – ICCS and Prof. Prashant Kalshetti – Event organizer & HOD – BBA & BBM(IB) and Prof. Shivendu Bhushan – HOD – BCA.

The festival's key grounds namely Management, IT, Cultural, Tangential and Sports was exciting and adventurous just as its previous years. This paved way for the participants to move a step ahead as the scope of participation increased. Comprehending to its unique theme for the year 'Reduce, Recycle, Reuse', the campus seized the decoration essence to its fullest which was completely out of waste products.

The first two days had a smooth flow of events having an exceptional entry of Pune's SUPER COPS which gathered a lot many sightseers from the college as well as outside.

Along with this went on the other events such as 'Caucus, Lapse - Relapse, Snip Snap (A photography competition), IT Quiz, etc...'

The second day was having a calm streaming of events in which the evening gave an exceptional opening with Junkyard Rock – The rock show in the open space in the dusk of the day electrifying the audience to enjoy with full support and enthusiasm.

So there came the final an ultimate destined day of Plan8 – Justice to Junk which comprised of the heart throbbing Street Hustle (The street dance) and High on Dance along with the long awaited and mesmerizing Model Hunt and La-Bela – The annual and glamorous fashion walk comprising beauty and grace. This jumbo occasion of the festival revealed itself among 1000 and more audience in the hallowed presence of our judges Prof. Chetan Wakalkar – Group Director, IGI, Dr. Anjali Kalkar – Principal, ICCS, Prof. Prashant Kalshetti – HOD – BBA & BBM(IB) and Event Organizer and Mr. Asif Sattar.

After two rough and tough rounds of 'Ramp walk' and the 'Question & Answer' round, **Mr. Ishant Halita and Ms. Zeenath** were awarded as MR and MS GUSTO.

The festival ended with the prize distribution in which IMED conquered the victory of grasping the Gusto Trophy of the year 2014.

This was a dream that came true and it wouldn't have been a victorious happening without the hard work and dedication of the young workforce, the youth base of Indira for almost 7 weeks. In order to celebrate the triumph of Plan 8, delicacy opened with the energy infused songs from the DJ and the crowd witnessed the big bang pack dancing with ecstasy.

For the core committee – Sagar, Darshan, Deepshika, Chaitanya and Nimu Gusto was something more than an event because this was their last event in their undergraduate life to be cherished and relished and this was discovered in their words.

Now we are proud to announce that the Plan 8 of Gusto is worked out and pay our tribute and thanks to our volunteers, sponsors, participants and various other well – wishers.

If happiness was the energetic boon to be sought and achieved, who would not dare to seek for it???

This is Gusto to the Indiraitees and the other fellow youth who were being a part to it.

THE LEGACY CONTINUES!!!

Cultural Activity

Section

Cultural Activities at ICCS 2013-14

The cultural committee of ICCS works with the objective that Student involvement in cultural activities also positively impacts educational attainment. Ernest T. Pascarella and Patrick T. Terenzini's 1991 research indicates that extracurricular involvement has a positive impact on attaining a bachelor's degree and on educational aspirations. Students who are actively engaged are more likely to have higher educational ambitions than uninvolved students.

Cultural activities focus on institutional goals, such as building and sustaining community on college campus as well as student retention. As college campus become more diverse, students desire an environment in which they feel connected to others and to the college. Cultural activities provide a place for students to come together, discuss pertinent ideas and issues, and accomplish common goals. Within this community, where students feel comfortable with one another, learning and development are enhanced and student retention is positively impacted. According to Vincent Tinto's 1987 research, students will be more likely to persist in college if they feel they have had rewarding encounters with a college's social and academic systems. Through cultural activities participation, students frequently interact with peers who have similar interests, providing social integration into the college environment. As a result, involved students view their college years as a positive experience and feel they are a vital part of the college, resulting in higher retention rates

Students have opportunities to improve their leadership and interpersonal skills while also increasing their self-confidence. Cultural activities involvement allows students to link academic knowledge with practical experience, thereby leading to a better understanding of their own abilities, talents, and career goals. Future employers seek individuals with these increased skill levels, making these involved students more viable in the job market. Specifically, participation in cultural activities and leadership roles in these activities are positively linked to attainment of one's first job and to managerial potential.

Conferred PhD on 01/03/2014 by University of Pune in Physical Education.
Topic – Contribution of Deccan Gymkhana Club of Pune City in the Sports Field.

Activity Section

NATIONAL SERVICE SCHEME (NSS)

Camp Activity Report 2013-14

This year, NSS camp of Indira College of Commerce and Science was organized from 13th January 2014 to 19th January, 2014 at Gaudhara (Khed-Shivapur) Tal- Haveli. There were 62 students (20girls and 42boys) and 3 faculty's participated in this camp. The details of activities are mentioned below.

Day-1 (Monday, 13th January, 2014)

On 13th January afternoon NSS camp start from Indira Universe Campus and it reached at Gaudhara. In evening NSS camp was inaugurated by Mr. Kashinath Gavali (Sarpanch-Gaudhara), Mr. Deepak Survey (Deputy Sarpanch-Gaudhara) and Prof. Janardan Pawar. On this occasion college Vice-Principal, Prof. Janardan Pawar and NSS programme officers Prof. Santosh Kulkarni and Prof. Amar Dhere were present.

In the inaugural address the objectives and programmers were addressed by the Prof. Janardan Pawar.

In the evening college Acting Principal Dr. (Mrs.) Anjali Kalkar conducted a lecture on 'Time Management.'

Day-2 (Tuesday, 14th January, 2014)

After morning Prayer the volunteers got involved in Cleanliness Drive in the village. NSS volunteers took part in the repairing of sewage and water pipeline line in the village. In this day volunteers cleaned village temples and water collection tank.

In the evening college alumni and well known speaker Mr. Ganesh Ghadge delivered lecture on "Managerial Skills of Raja Shiv Chatrapati."

Day-3 (Wednesday, 15th January, 2014)

The day in the NSS camp started with morning prayers and national anthem. There were 42 NSS volunteers involved in the preparation of Basket ball ground near proposed new school building under the guidance of our college's physical director Prof. Kishor Patahre. Drawing and Rangoli competition is conducted for the school children and awards are distributed to the winners of this competition. The drawing, essay and Rangoli competitions are organized for the school student. There are 157 students participated in these competitions.

In the evening movie show 'I am Kalam' were arranged for villagers and children.

Day 4 (Thursday, 16th January, 2014)

After Morning Prayer NSS volunteers visited elder's orphanage near to the Gaudhara village. They are interact and entertain elders who live lonely. In the afternoon Mr. Chandrashekhar Gaikwad delivered a lecture on 'Youth for Change.' His thoughts were very enlightening to the students.

Day-5 (Friday, 17th January, 2014)

Blood donation, free eye checkup, free hemoglobin checkup and free spectacle distribution camp is organized for villagers in association with PSI Blood Bank, Pune.

Blood donation camp is inaugurated by our Institutes' Chairperson Dr. Tarita Shankar and Mr. Aditya Mehandale. Prof. Chetan Wakalkar inaugurated Free Eye checkup camp. These events are graced by institute's directors Mr. Sandeep Gaekwad, Mr. Santosh Kumar, Dr. Anagha Joishi. In the dignitaries Mr. Shivaji Konde-Deshmukh, Mr. Rajendra Pawar, Mr. Avinash Bande-Havaldar were present in this occasion

There were 48 blood bags are collected during camp, while 170 people's eye checkup and free spectacle was done in the camp.

NSS volunteers perform skit on "Streebhrun Hatya" (Female feticide). This skit got appreciation from Dr. Tarita Shankar.

Night time is celebrated with Cultural Programme jointly organized with Zilla Parishad School Gaudhara.

Day-6 (Friday,18th January, 2014)

Mr. Ashok Bhosale from Solapur delivers lecture and experiment on anti-superstition for school children. In afternoon NSS volunteers are glimpse villagers and learn problems face by the villagers. In the evening Anti-superstition show organized for the villagers.

Day-7 (Friday,18th January, 2014)

In the last day *Granthdindi* (procession of books) are held by NSS volunteers and villagers. Procession with *Palakhi* is quite new experience to the NSS volunteers. The objective of this activity to disseminate the importance of books in the rural folk. After *Granthdini* the sendoff function is conducted by villagers. In afternoon NSS camp reached at college campus.

Outdoor Management Training 2013-14

Outdoor Management Training(OMT) is an activity which is conducted at the start of academic year every year for the first year PG students which helps them in getting acquainted with each other, build a sense of togetherness, identify theirs and others strengths and weaknesses.

It develops qualities of help, tolerance, team-spirit, unity, discipline and leadership and makes mentally fresh.

In the academic year 2013-14, OMT was organized for M.Sc (Comp Sci) Sem-I and MCA-I students as part of extra-curricular activity which will help to boost their confidence, build team management skills, increase interaction among themselves and their mentors.

INDUSTRIAL VISITS

INDUSTRIAL VISIT TO WIPRO, HINJEWADI, PHASE-II.

Date : 18th March, 2014
Time: 10am – 12noon
Reporting Time : 9.30am
Class : M.Sc(Computer Science)-I and
MCA(Science) I, II

This program was hosted by Mr. Swapnil Shukla of Wipro. The students reported there on 18th August, 2014 at 9:30 am.

Mr Shukla introduced the whole campus of Wipro. The campus is well endowed with world infrastructure and pleasant ambience.

The students were introduced to the HR Manager Manju who guided students about the different projects carried by Wipro. Mr Swapnil Shukla informed students about the various domains in which Wipro has plunged its branches.

They interacted with students and also solved queries of the student regarding work environment and IT industry.

All the queries of the students and faculties were solved through interesting videos and presentations.

The visit to Persistent was very revealing and provided valuable information.

INDUSTRIAL VISIT TO PERSISTENT SYSTEMS, HINJEWADI.

Date : 24th August, 2013
Time: 10am – 1pm
Reporting Time : 8am
Class : M.Sc(Computer Science)-I and
MCA(Science) I, II & III

This program was hosted by Mr. Kaustubh Bhadbhade of Persistent Systems. The students reported there on 24 August 2013 at 8:00 am.

All the students were seated in Pt. Bhimsen Joshi auditorium.

Many colleges participated in this industry interface program.

Mr Kaustubh introduced many new terms of IT and made the students realize what are the different needs of IT and what should students do to make themselves capable of it. And he also introduced to different aspects of Persistent Systems.

He interacted with students and also solved queries of the student regarding work environment and IT industry.

All the queries of the students and faculties were solved through interesting videos and presentations.

Persistent Systems has a wonderful campus with worldclass infrastructure and great ambience.

Their buildings are named after 4 vedas of Indian culture i.e, Rijveda, Yajurveda, Samveda, Atharvaveda. It gives us an essence of rich Indian culture.

The visit to Persistent was very informative and guidance providing.

Students of Msc(CS)-I and MCA - I,II and III in Pt Bhimsen Joshi Auditorium,
Persistent Systems

Faculties with Mr.Kaustubh Bhadbade(center) at Persistent Systems

CONFERENCE

SAP Techniversity 2013

The second edition of **SAP Techniversity - India's largest technology conference for the student community** was held on **28th September 2013** at KTPO, Bangalore and this time with a core focus on Apps.

This year's events were highly.

- **Innovative:** High-octane Demo jam
- **Inspiring:** Keynotes by thought leaders from various walks of life
- **Tech-knowlogical:** Technology sessions on latest and upcoming trends in IT
- **Engaging:** Interactions with subject experts from the industry
- **Entertaining:** Talent show and evening entertainment

The total strength of students for SAP Techniversity was 100 (including faculties). The students were from various courses i.e B.Sc and M.Sc(Computer Science), BCA and MCA(Science). This year there were a several speakers who made the whole event vibrant.

The key features of the event:

- The students got to experience new technology, as the industry experts demonstrated the latest trends
- Short bursts of 30 minutes sessions followed by interaction with the speakers
- Live, exciting demos of latest technology
- Chance to network with industry experts during and after the event
- Chance to interact with students from other institutes and make new friends
- Launch of student start-up leveraging SAP HANA

Agenda of the Event:

7.30 am - 9.00 am	Registration
9.00 am - 9.15 am	Welcomes Address and Keynote – Anirban Dey, Managing Director, SAP Labs India
9.15 am - 9.35 am	Keynote Video – Dr. Vishal Sikka, Member of the Executive Board of SAP AG and the Global Managing Board, Leading all SAP products and innovation
9.35 am - 10.05 am	External Keynote – Ravi Venkatesan, Former Chairman Microsoft India, Board Member at Infosys and AB Volvo
10.05 am - 10.35 am	Keynote – Dr. Bernd Welz, Senior Vice President, Global Head of Solution & Knowledge Packaging, SAP AG
10.35 am - 11.00 am	The New SAP University Alliances (LEARN-APPLY-SHARE-RECRUIT) Ann Rosenberg, Head of SAP University Alliances
11.00 am - 12.00 am	Megatrends shaping the World – V R Ferose, Head of Globalization Services, SAP AG
12.00 pm - 12.30 pm	Power of HANA – Jeffrey Word, Vice President at SAP and Co-Founder & Co-CEO at Epistemy Press LLC
12.30 pm - 12.50 pm	Start Ups on HANA – Anirban Dey, Managing Director, SAP Labs India
12.50 pm - 1.20 pm	Launch of Student Start-Ups on HANA – M N Vidyashankar, Principal Secretary Commerce & Industries Dept., Government of Karnataka
1.20 pm - 1.30 pm	Students share their experience and present a short demo
2.35 pm - 3.05 pm	How to run successful Start-Ups – Mukund Mohan, CEO, Microsoft Startup Accelerator
3.05 pm - 3.35 pm	India's Youngest CEOs – Shravan and Sanjay Kumaran, President and CEO, Go Dimension
3.35 pm - 4.05 pm	Future of Higher Education: MOOCs (LEARN) – Dr. Bernd Welz, Senior Vice President, Global Head of Solution & Knowledge Packaging, SAP AG
4.25 pm - 4.55 pm	Apps on Mobile – Vineet Taneja, Country Head, Mobile and Digital Imaging at Samsung Electronics
5.10 pm - 5.40 pm	Apps on Cloud – Narendra Bhandari, Director AsiaPacific, Software & Services Group, Intel
5.40 pm - 6.40 pm	DEMO JAM
6.55 pm - 7.40 pm	Celebrity Speaker – Boman Irani, Noted film and theatre personality

SEMINAR

TWO DAYS STATE LEVEL SEMINAR ON “DEVELOPING COMMUNICATION & MANAGERIAL SKILLS”

A two days state level seminar on “Developing Communication & Managerial skills” was organized on 27th and 28th September 2013. B.C.U. D sponsored seminar was successfully conducted by the initiative of Dr. Anjali Kalkar, Principal In-charge with the worthy support of Prof. Santosh Kulkarni, Prof. Prashant Kalshetty and Prof. Shivendru Bhushan, the joint coordinators.

The seminar was inaugurated by Prof. Preeti Joshi, from M.I.T college of Commerce and Science, who addressed the student and spoke on the art and importance of effective communication. Prof. Rajguru from National Defense Academy enlightened the students on the various managerial skills and Dr. Anjali Kalkar addressed the students on the importance of effective leadership and perpetual endurance for success.

The seminar was a huge success, 129 students and few teaching faculty from the various colleges of Pune, attended this seminar along with the 276 students and Faculty of B.Com, BBA, BBM-IB, BCA, M.Com, PG Diploma students of ICCS.

PLACEMENTS

Annual Reports

COMPUTER ASSOCIATION

Introduction

The Computer Association is the recognized association for Computer Science students who will be the future Information & Communications Technology (ICT) professionals.

Its objectives are to further the study and application of Computer Science and Information Technology, promote, develop and monitor competence in the practice of ICT, define and promote standards of knowledge of ICT for students, promote the formulation of effective policies on ICT and related matters; extend the knowledge and understanding of ICT in the community; promote the benefits of membership to the Society .

Indira College of Commerce and Science recognizes the enormous potential of the IT and has decided to embark upon an ambitious journey to herald the benefits of ICT to the people of the country.

Principal Objective

To promote the development of Computer science & information and communications technology resources.

Secondary Objectives

- To further the study, science and application of information and communications technology.
- To promote, develop and monitor competence in the practice of information and communications technology by persons and organizations.
- To define and promote the maintenance of standards of knowledge of information and communications technology for students.
- To promote the formulation of effective policies on information and communications technology and related matters.
- To extend the knowledge and understanding of information and communications technology in the community.
- Efforts to increase opportunities of employment: To make all possible efforts to increase opportunities of employment. For this to tie-up companies. To organize recruitment camps with the help of the IT companies.
- To organize experts' seminars from time to time
- Enabling Computer Literacy and Education for the students

Key Activities

- Skills Assessment
- To provide a forum and facilities for the exchange of information and experience.
- To promote development of IT enable services.
- To promote, encourage and take part in survey and research studies in the IT field.
- To cooperate and collaborate with other institutions having similar objectives.

INDIRA'S STRATEGY

The private sector has been in the forefront of developments of IT sector. As the government seeks to translate its vision into reality, it expects the private sector to continue to play its pivotal role. However, the vision will not be realized early without the educational institutions playing an active role in the following three areas.

1. Promoting ICT for students and acquaint them about quality and world class services of other societies
2. Ushering E-Governance.
3. Creating an atmosphere conducive for the growth of IT Industry & IT Infrastructure:
4. Enabling Computer Literacy and Education for the students
5. Fulfilling local information needs of the students

Indira Informatics Technothelon (Tech-Savvy 2014)

Event Report

Indira Informatics Technothelon (Tech-Savvy 2014) was organized for second consecutive year at **Indira College of Commerce & Science**. The event was designed & executed by the students of BCA. The 4-day semi-tech fest started **from 30th Jan – 3rd Feb, 2014**. The event comprised of 6 different events.

The fest began with **“Game-O-Mania” –The LAN Gaming League** where in participants as team & individual competed against each other in computer games like **Counter Strike & NFS-Most Wanted**. Gamers from across Pune came down to fight for the throne of The LAN Gaming League.

For the artistic & creative people out there **“Art-Beat..!!!”** – a free hand Drawing & Sketching competition was organized. People from different age groups came to show their skills & creativity in the field of arts.

And for the techoholics **“Codechef in ‘C’ ”** was organized, where there were rounds related to ‘C’ programming .

The most successful & entertaining event of Tech Savvy 2014 , **“Dare 2 Think”** came up with another version & this time too D2T resulted in one of the most attractive & paisa vasool event of Tech-Savvy 2014. More than **80 teams** were witnessed in this A/V Quizzare.

This year the fest saga also witnessed another dimension in events with the idea of **“Minute 2 Win It Vol.1”**. The concept of the event was taken from the famous TV game show “Minute To Win It”. The event was designed with some twists & turns which made it a two player team event more exciting. As organized for the first time in Indira & in Pune, “Minute 2 Win it – Vol.1” was a great success & was considered as one of the most entertaining event of Tech-Savvy 2014.

Then came the welcome ceremony of Indira Informatics Technothelon (Tech-Savvy 2014) which was enlightened & marked with the presence of **Dr.Deepak Shikarpur – Co -chairman (IT Committee) MCCIA & Chairman Board of Studies (Computer Management) University of Pune** as the **Chief Guest** along with evergreen tech evangelist **Prof. Chetan Wakalkar- Group Director, IGI** who addressed and welcomed the participants.

There was a lots of reason to celebrate & cherish for the **2nd Season of Indira Informatics Technothelon (Tech-Savvy 2014)** with regards to the huge participation of **990 people** from more than **33 colleges** all across Pune. The fest witnessed participants from colleges like Sinhgad Institute of Technology, I²IT, Alard College of Engineering, PCCOE, Symbiosis College of Art & Commerce, D.Y. Patil Colleges, Modern College of Arts & Commerce etc... Truly this year Indira Informatics Technothelon 2014 not only became a milestone event in the history & legacy of Indira College of Commerce & Science, but the fest embellished par excellence. It not embarked and made a mark in the participants lives, but it simple touched the lives of everyone who were a part of it in some or the other way. In other words – Simply & Truly Mesmerising !!

IT Infrastructure

IGI's Indra College of Commerce & Science is having well-formed Information Technology infrastructure.

❖ Network Details:-

1. 30 Mbps Shared Band-width for Internet Browsing.
2. High Configuration IBM Server's.
3. Hardware Firewall & Domain Network successfully upgraded for central resources sharing, Data, Authentication's, rights control, Security, Virus Definition, spam and Network Broad-cast etc.
4. Updated Software & Patches being used in labs Computers and Distributed from Distribution Point Server (SCCM-2007).
5. Core-2 Duo Processor, TFT Screen for Computer Labs with structure network cabling.
6. Total Area Wi-Fi for College students can check their assignment's, Tutorial, Internet Browsing from anywhere in the campus. Provided with High-Tech Security to Wi-Fi Network Users.
7. Windows Live Sky-Drive which gives 25 GB space for students to store their important Assignment's and data.
8. Live@edu utilization for sharing documents and assignment's with groups & faculties.
9. LCD Projector's available for the faculties in the classroom's and labs for Online Teaching.
10. New Technology upgrade servers Domain controller Windows 2008R2, SCCM-2007, WSUS,WDS, FEP-2010, TMG Server.

❖ Excellent LAB's & Facilities

The College has excellent Labs both for Electronics and Computer Science oriented study. An unlimited 12/7 TATA Connection with 30 Mbps speed shared and 2 Mbps connections form the backbone of Internet connectivity.

❖ Computer Lab

The main computer lab is spacious, fully airconditioned and well planned consisting of more than 300 systems of which the major share is contributed by advanced machines. The lab has the latest hi-tech configuration of hardware and software. The lab is equipped with Operating Systems like Windows-Server, Windows-Desktop, and open source software like Linux. Multimedia Kits have also been set-up for students to develop their knowledge with creativity. The entire computer lab is provided with LAN networking. This lab help students to brush up their computer skills and translate their logic and imagination into innovative applications. An additional Programming Lab has been provided exclusively for developing programming skills.

SCIENCE ASSOCIATION

SCIENCE ASSOCIATION

Introduction

The Computer Association is the recognised association for Science students dedicated to advancing science by serving as an educator, leader, spokesperson and professional association. In addition to organizing membership activities it spearheads programs that raise the bar of understanding for science among the students.

MISSION

To advance science and innovation among the student community for the benefit of all people.

VISION

To promote high quality science education and foster the professional development of the students

GOALS

- Enhance communication among students and the public
- Promote and defend the integrity of science and its use
- Strengthen support for the science and technology enterprise
- Provide a voice for science on societal issues
- Promote the responsible use of science in public policy
- Strengthen and diversify the science and technology workforce
- Foster education in science and technology for everyone
- Increase public engagement with science and technology

INDIRAS' STRATEGY

- Indira College of Commerce & Science aims at promoting excellence in Scientific Computing. It does so by facilitating interaction amongst its student members, acting as a bridge between Academia and Industry and finally by elevating the quality of Computer Science education within the country.
- Indira recognizes the impact of computing science in school education. To actively promote good practices, it has become involved in all aspects of training and selection of the young talent to represent the country .
- It also recognizes a role for itself in correcting the biases in the current curriculum for computer science in the country.

SCIENCE ASSOCIATION

“No amount of Experimentation can ever prove me right, a single experiment can prove me wrong”

Science is the way of thinking much more than it is body of Knowledge. Science association is a fundamental feature of science students dedicated for advancing science by serving as an educator; leader spoke person and professional association.

Objectives of Science association are as follows:-

- To an Integrated use of Knowledge, Technology, Resources and Manpower to expedite development process
- To an Improvement in communication skills by adoption of technology
- To Conservation of world heritage
- To Creation of awareness about world peace, harmony and environmental balance
- To promote and defined the integrity of Science and it use
- To promote the responsible use of science in public policy
- To increase public engagement with science and technology
- To strengthen and diversity the science and technology workforce
- To develop Scientific temper or learner
- To enabling students to think rationally & logically.
- To create Superstitions free environments of thinking and imaginations

Indira organization impact of computing Science in School education. To actively promote good practices it has become involved in all aspects of training and selection of young talents to represents the country.

The activities under Science association are as Follows:

1.π Day Competition:

The purpose of the π Day Competition is to promote, develop and monitor, competence in the practice of mathematics. It helps students to gain an interest and know the Subject in depth . Π Approximation day is organized on July 22nd on every year due to Π being roughly equal to 22/7

This year also Π Approximation day was celebrated on 22nd july,2013. College has organized this competition in various colleges.

Winner team as follows:

Sr. No.	Students Name	College Name
1.	V Sai Rohita	Indira College of Commerce and Science
2.	Thorat Omkar Raju Chaudhary Sonia Gehlot	Sancheti College
3.	Chawre Swapnil	Shivbhumi Junior College
4.	Kunal Desai	Paniicker Institute

2. Statistics Quiz Competition:

Indira college of commerce and Science conducts Statistics Quiz Competition every year which is organized by **PUSA**(Pune University Statistics Association) This competition is conducted in all colleges where first year all B.Sc (CS) and B.Sc (Statistics) courses are taking part. PUSA selects topper from each centre and awards with certificate of center topper.

like every year ,this year also statistics quiz competition was organized for the Students of first year Computer science on dated 19th Jan,2014. We received Overwhelming response. From among this **V Sai Rohitha (F. Y.B.Sc. Comp. Sc.)** div-B has been declared as a center topper for this year.

3. Electronics Quiz Competition:

Indira college of commerce and Science conducted Electronics Quiz Competition every year which is organized by **SPEED** (Society for Promotion of Excellence in Electronics Discipline This competition is conducted in all colleges where first year all B.Sc. courses are taking part. SPEED selects topper from each centre and awards with certificate of center topper.

This quiz competition in our college was organized for the Students of F.Y. B.Sc.(CS) S.Y. B.Sc.(CS) on dated 5th Feburary,2014 has received Overwhelming response.92 Students are enrolled for this competition. Among these

Winner team as follows:

Sr. No.	Students Name	Course Name
1.	Agarwal Barkha Ghanshyam	F.Y.BSc. (Computer Sc.)
2.	Dalvi Sanket Sudhakar Yadav Sagar Lalansingh Yadav Surbhi Shyamsundar	F.Y.BSc. (Computer Sc.) S.Y.BSc.(Computer Sc.)
3.	YADAV VIVEKKUMAR R	S.Y.BSc. (Computer Sc.)

4. Competition of Advance Networking Simulation Model

To build up Confidence & to develop interpersonal Skills as well as enhance the creativity the college is organized the **Competition of Advances Networking Simulation Model** for the post Graduate students

From M.Sc.-I and MCA-II 100 students are taken part in the Competition and they prepare and present the the Network Simulation model based on electronics. Prof Kiran Shinde From A.T.S.S.I.I.C.M.R. is judged by this competition.

Winner team as follows:

Sr. No.	Students Name	Course Name
1.	S. Chandralekha	M.Sc(comp.sci) – I
2.	Chaudhary Nikhil	M.Sc(comp.sci) – I
3.	Bhosale Varsha	M.C.A - I

Photographs :

COMMERCE ASSOCIATION

Management Association

The Management Association was established in the Academic Year 2005-06 with the object to promote the practical approach to the management skill and to build students for their academic excellence.

During the academic year 2009-10, the management association has continued its function under Prof. M D Waghmare and Prof. A Sengupta with the support of different stream faculties, staff and students.

The following activities are generally conducted by the association:

- a) Inviting individual figures for delivering lectures.
- b) Conducting workshop relating to Communication Skill and Personality Development.
- c) Conducting Seminars to promote students confidence and ability.
- d) Conducting individual visit to different production with and service industries.
- e) Conducting debate competition on current issues to sharper the insights of the students.
- f) Arranging outdoor Management Games and Quits to enhance student's general knowledge.

INDIRA MODEL UNITED NATIONS (i-MUN) CONFERENCE - 2013

'i-MUN 2013', the Model United Nations Conference organized by Indira College of Commerce and Science, Pune in collaboration with United Nations Information Centre for India and Bhutan (UNIC) for the second time in the history of India. The event unfolded on the 29th and 30th of August 2013 comprising of three councils namely, the United Nations Human Rights Council (UNHRC), United Nations Security Council (UNSC) and the fresh council named United Nations Economic and Social Council (UNECOSOC) in the college campus.

It created students from all over India from places such as Mumbai, Deradhun, Delhi, Ahmedabad, Bangalore, Kolkata, Jaipur and Kurukshetra and few international participants out of India at a local but a global manifestation to represent every nation in the world as delegates.

It ensured that every delegate discussed different motions where there were few exceptional delegates who came up with fresh and latest ideas which paved the way for a knowledge base. Something really extra ordinary was i-MUN was the first MUN experience to most of the youngsters, who took the plank card where they were able to discuss & develop their sense of know-how on their respective topics,

- **UNHRC - "Right to adequate housing and protection from forcible evictions"**
- **UNSC – Primary : "Israel – Palestine Conflict"
Secondary: "Strengthening United Nations peace keeping operations"**
- **UNECOSOC – "The right of 'Indigenous People' to maintain control over their social and economic development"**

In an overview, the remarkable happening was, every delegate's self-confidence gradually increased on the 2nd day as compared to the 1st which means this conference comprehended its motto "LOCAL SQUAD AT A GLOBAL SORT".

LIBRARY COMMITTEE

Meaning & Concept:

The Library Committee is a body of persons appointed for a specific function by, and usually out of a larger body. The Oxford Advanced Learners Dictionary defines a “Committee” as a group of people who are chosen, usually by a larger group, to make decisions or to deal with a particular subject.

The Library Committee mostly supervises and advice the library in matters in which public participation is essential.

Aims & Objectives:

1. Ensure that all procedures and policies are followed as per the stated rules and regulations laid down by the concerned (UGC, AICTE, NAAC...etc.) authority.
2. Advise in matters regarding proposed policies.
3. Counsel in the general development and administration of the Library.
4. Express the opinions of the faculty, staff and students relative to Library policies and their administration.
5. Ascertain feasibility of innovative projects/services in respect to its cost, and usability.

Need & Purpose:

The Library Committee is needed to:

1. Appoint qualified and efficient librarian who can deliver services.
2. Assess the financial support required by the library based on library standards.
3. Serve as an interpreter of the requirements of the library to the community and authorities and thus make an appeal for more funds.
4. Provide support as an interpreter of the requirements of the library to the community and authorities and thus make an appeal for more funds.
5. Provide support to the librarian to defend important decisions having implications for the users (e.g. change of working hours, change in rules regarding membership and borrowing privileges etc.)
6. Bring better understanding of the role of the library among users.

Constitution of Members:

In Indian Universities, there is generally a provision for library committee which consists of the Heads of various Teaching Departments of University. The Library Committee may also be called in different names such as Library Board, Library Trustees, Library Advisory Committee and Board of Directors etc. According to UGC standard the College Library Committee consists of:

- | | |
|-----------------------------|-------------|
| 1) Dr. (Mrs.) Anjali Kalkar | Chairperson |
| 2) Mr. Mangesh Kuman | Secretary |
| 3) Mr. Prashant Kalshetti | Member |
| 4) Mr. Suresh Pathare | Member |

(From the Faculty appointed by the Principal on the recommendation of the Librarian)

One student Representative - To be appointed by the Principal on merit.

Earn and Learn Scheme

The Main objective of the scheme is to develop a student as a multifaceted personality with academic excellence and a commitment to an egalitarian society. India lives in her villages and to bridge the gap between rural Bharat and urban India, this scheme is basically undertaken for the benefit of the students coming from the rural areas, which are economically backward, intelligent and meritorious but cannot afford higher education. It inculcates in the student the idea that no work is big or small and develops a work culture with the right attitude. It is now been announced by our Ex-Vice Chancellor, Dr. Narendra Jadhav that the scheme should be flexible to give work to those who demand it. This is a vision of keeping our youth gainfully employed as well as to contribute from civil society. This is a paradigm shift in the way we see higher education. This will make higher education accessible and available to the poor, meritorious and the marginalized.

The scheme is at present being undertaken at the post-graduate level on the university campus as well as at the graduate level in the affiliated colleges and recognized institutions under the jurisdiction of the University of Pune. Financial assistance to the extent of fifty percent of the expenditure incurred by the affiliated Colleges / Institute is reimbursed to the concerned on submitting the necessary papers to the Director, Board of Students' Welfare. Under this scheme those students who are interested in joining are to fill the necessary application form, which is then scrutinized by an appropriate committee. The list of students who have been Finally enrolled in the scheme are to be sent to the Director, Board of Students' Welfare on or before 15th September every year, subject to the condition that the Colleges / Institution has been given permission to undertake the scheme. The students enrolled under the scheme are given the following types of work namely-that increase their skills in areas of their study, office work, technical work and field work. However when the distribution of work is given it is seen that all students get equal opportunity to get all different kinds of work and that each student gets eighty percent of technical work and twenty percent of fieldwork. Office work includes working at the Library or any other office of the institute.

Technical work includes:

Knowledge of computers, office machines such as photocopying etc. or even working at a telephone booth, while field work includes working in the garden, looking after newly planted trees, play grounds, cleanliness of the campus etc. Each student is expected to work for three hours daily.

Students working under this scheme are paid an honorarium of Rs.20 per hour as per the revised rates effective July 2007. Payment is made as per the attendance sheet, which is to be maintained by the institute/college/university. The students are requested to open a bank account at their respective places and payments are made by cheques. At the end of the year the respective institute/college is requested to submit the annual accounts for the scheme when the central audit scheme is undertaken.

As per the new decision taken by the university authorities all college /institutions would be given an advance payment depending on the enrollment of students. The ratio being as follows:

1 to 500 – Rs. 33,000

501 to 1000 – Rs. 55,000

1001 to 2000 – Rs. 1, 10,000

2001 to 3000 – Rs. 1, 65,000

3001 to 4000 – Rs. 2, 20,000

4001 to 5000 – Rs. 2, 75,000

And over 5001 – Rs. 3, 30,000

And that any student who fills the application form for enrollment in the scheme will be given work and an allocation of 3.5 Crores has been made in the current budget.

This year 7 students have taken advantage under said scheme.
