## Post Graduate Teachers (PGT)

**Eligible to teach to Post Graduate (M. Com.) students.**

**Dr. Marceline Fernandes**  
Assistant Professor

ICCS is proud to apprise that Dr. Marceline Fernandes and **Dr. Vinita Shrivastava** are recognised as Post Graduate Teacher (PGT) by Savitribai Phule Pune University, Pune.

Being PGT now they are eligible to teach post graduate students in Commerce and shall guide M.Phil. students also.

**Dr. Vinita Shrivastava**  
Assistant Professor

ICCS is proud of this achievement. Principal Dr. Janardan Pawar and Vice –Principal Prof. Shivendu Bhushan congratulated them on their achievement.

On the Occasion of  
“International Women’s Day”

ICCS had organized Blog  
Writing Activity and Poster  
making activity for students  
as well as all the staff  
members for all male and  
female participants.

Its objective was to create  
awareness about women  
empowerment among  
students and faculties.

As we all know, India is a male-dominated nation where males are dominant in all areas and females are required to be solely responsible for family care and live at home, including many other constraints. But now a days a picture is changing a lot and women are developing in all over sectors from home to business front. India is a renowned nation that confirms the famous proverb ‘unity is a plurality’ where citizens of many religious beliefs are in Indian society. Many of people are believing and giving a full support to the women to go ahead and set up at their own.

Women Empowerment is the process that creates power in women to live a happy and respectable life in a society. Women are empowered when they can access opportunities in a variety of fields such as in education, profession, lifestyle, etc., without any limitations and restrictions. It includes raising their status through education, awareness, literacy, and training. It also includes the authority to take decisions. When a woman makes a crucial decision, she feels empowered.

We can see the increased number of women’s in Lok Sabha, as women’s are moving ahead with all the sectors not only in political sectors but also in all the sectors. They are equally fighting with the male and making their own stand in the India as well as compare to world.

This year, the theme for International Women’s Day (8 March), “Women in leadership: Achieving an equal future in a COVID-19 world,” celebrates the tremendous efforts by women and girls around the world in shaping a more equal future and recovery from the COVID-19 pandemic and highlights the gaps that remain.
