World Sparrow Day

Indira College of Commerce and Science is taking a step to save sparrows as 20th March is celebrated as Sparrow Day. The number of sparrows as well as different species of sparrows are decreasing day by day. Your small contribution is worth millions for the sparrows.

The temperature is rising a lot right now. Sparrows search a lot for water and food for their survival. Students of ICCS had arranged water and food for the sparrows in their area (balcony, roof, window etc.).
