*Key Highlights & Furnishing Information
About The Activities Of Institution*

IGI-Hackathon

On April 28, 2024, our institution hosted a Hackathon attracting 50 teams from the UK and USA. The event culminated with Cranefield University, UK led by Sagar More emerging as the 1st winner. Anjali Deshpande and team ICEM Pune secured 2nd place, followed by Shrinivas Jagdale and team WPU-MIT Pune as 3rd. The diverse participation and global collaboration showcased the event's success in fostering innovation across borders.

Institutional Innovation Council (IIC)

**INSTITUTION'S
INNOVATION
COUNCIL**
(Ministry of HRD Initiative)

On May 28, 2024, Indira College of Commerce & Science established its Institution's Innovation Council (IIC) in accordance with AICTE Guidelines. Chaired by Dr. Thomson Varghese, the council prioritized setting up operations for the academic year 2024-25. Through strategic role assignments and adherence to Ministry of Education's Innovation Cell guidelines, the council aims to foster innovation and entrepreneurship, driving collaborative efforts within the institution.

ICCS Women's Basketball team clinched victory at the invitational tournament "Syncytium 2024" hosted by Smt. Kashibai Navale Medical College from May 1st to May 5th, 2024. Competing against 8 teams in total, the ICCS team demonstrated exceptional skill and teamwork throughout the tournament, securing the championship title. Their triumph underscores the dedication and prowess of the players, bringing honor to Indira College of Commerce & Science.

Discrete Mathematics and its Applications

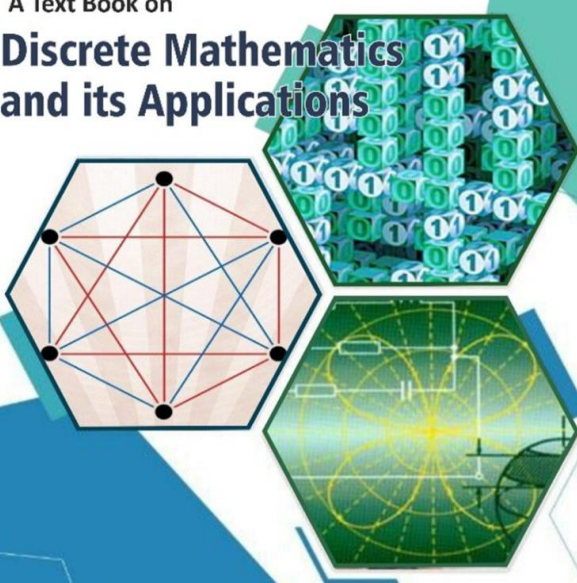

Mr. Rajminar Devidas Navgire is currently working as assistant professor in Mathematics at Indra college of commerce and science (Autonomous) Pune, Maharashtra. He is a distinguished professor in mathematics. He has completed his B.Sc. (Mathematics) from Savitribai Phule Pune university with Distinction and also completed M.Sc. (Mathematics) from Pune University with distinction. He has qualified CSIR-UGC (NET) exam with JRF in 2018 and UGC SET Exam in 2018. He has 7 years' experience of teaching in B.Sc. (Mathematics), B.Sc. (Computer Science), and B.C.A. (Statistics). He has written national and international books. Now, he is BOS member of Mathematics at Sai Balaji University, Pune.

Dr. A.Thangam is currently an Assistant Professor in the Department of Mathematics at Pondicherry University – Community College, Pondicherry. His current area of research is Optimization and its applications in Inventory, Logistics, Supply chain, and Fuzzy Mathematics. He has published 25 papers in National and International Journals and he is guiding candidates for Ph.D in Mathematics. He has 13 years of teaching experience.

Dr. Sreekala C.K. is a pioneering first-time author with a Ph.D. in Fluid Dynamics. She obtained her doctorate from Visvesvaraya Technological University, Bolgavi. She has 15 International Research publications. She has 20 years of teaching experience in the field of Engineering and is currently a faculty in the Department of Mathematics, at Nitte Meenakshi Institute of Technology. Her areas of interest are Fluid dynamics, Graph Theory, Discrete mathematical structures, and Linear Algebra. Her academic journey is a testament to versatility, from studying fluid dynamics intricacies to now crafting a groundbreaking book in discrete mathematics. Her innate ability to simplify complex concepts makes her writing accessible to both scholars and enthusiasts, promising to reshape the way we perceive mathematical theories.

Mrs. Sasirekha Naganathan is a passionate mathematician who has a keen interest in Graph Theory. She is currently employed as a lecturer at Oman College of Management and Technology in Oman. Holding both an M.Sc. and M.Phil. in Mathematics, she boasts a diverse teaching background of 13 years in Oman and India. Her research primarily focuses on the practical Applications of Mathematics, with the objective of pushing the boundaries of knowledge. Sasirekha has contributed to various research papers in academic journals and is dedicated to imparting her passion for mathematics by educating and guiding aspiring mathematicians. She strongly believes that mathematics serves as a potent tool in shaping our comprehension of the world.
