1. World Organ Donation Day

13th August 2021

World Organ Donation Day is observed on **August 13** every year to spread awareness about the importance of organ donation this day endeavors to encourage people to donate their healthy organs after death in order to save more lives. Modern medicine has evolved significantly and has made it possible for organs to be transplanted from one person to another and enables them to live a healthy life. Donating one's organ is giving someone a new life, anyone can volunteer to be an organ donor irrespective of their age, caste, and religion. Donating one's organs is giving someone a new life, anyone can volunteer to be an organ donor irrespective of their age, caste, and religion. It is, however, important to ensure that those volunteering to donate their organs do not suffer from chronic diseases. One can sign up to be a donor once they reach 18 years of age. This is a small survey on this occasion of celebration of World Organ Donation Day. Click on the below link for the purpose and fill up the form.
