Indira Model United Nations

9th edition of Indira Model United Nations Conference (I-MUN) held on virtual platforms on 27th and 28th February 2021 at Indira College of Commerce and Science (ICCS) picked young minds on global crises, inspiring future leaders who'll be tomorrow's new change.

With Adhiraj Karande (TYBBA-IB) as the Director General, Sonal Manglani as Secretary General, and a passionate team of OC members, the conference was organized for 300 delegates to brainstorm their way to solutions for real time crises around the world. IMUN'21 was conducted virtually using zoom platform. IMUN this year saw a total of 320 delegates. Among which 14 were international delegates

Flyer

Objectives of I-MUN

1.)Students develop confidence and leadership skills through experience.

2.)Model UN conferences are opportunities to practice research, public speaking, teamwork, negotiation, and writing skills in a safe and structured environment.

3.)What many people don't realise is that Model UN also teaches business skills – running a conference is like running a small business that involves finding "customers" (delegates), developing a "product" (the conference), and managing peers.

4.)The MUN is a great setting where people can try to face their fear of public speaking. This chance to overcome a fear of public speaking is great because it supports delegates' personal growth and triggers self-confidence.
