## Indira Model United Nations

9<sup>th</sup> edition of Indira Model United Nations Conference (I-MUN) held on virtual platforms on 27th and 28th February 2021 at Indira College of Commerce and Science (ICCS) picked young minds on global crises, inspiring future leaders who'll be tomorrow's new change.

With Adhiraj Karande (TYBBA-IB) as the Director General, Sonal Manglani as Secretary General, and a passionate team of OC members, the conference was organized for 300 delegates to brainstorm their way to solutions for real time crises around the world. IMUN'21 was conducted virtually using zoom platform. IMUN this year saw a total of 320 delegates. Among which 14 were international delegates

## Objectives of I-MUN

- 1.) Students develop confidence and leadership skills through experience.
- 2.) Model UN conferences are opportunities to practice research, public speaking, teamwork, negotiation, and writing skills in a safe and structured environment.
- 3.) What many people don't realise is that Model UN also teaches business skills – running a conference is like running a small business that involves finding “customers” (delegates), developing a “product” (the conference), and managing peers.
- 4.) The MUN is a great setting where people can try to face their fear of public speaking. This chance to overcome a fear of public speaking is great because it supports delegates' personal growth and triggers self-confidence.

**Dr. Vinita Shrivastava**  
Assistant Professor

ICCS is proud of this achievement. Principal Dr. Janardan Pawar and Vice –Principal Prof. Shivendu Bhushan congratulated them on their achievement.

On the Occasion of  
“International Women’s Day”

ICCS had organized Blog  
Writing Activity and Poster  
making activity for students  
as well as all the staff  
members for all male and  
female participants.

Its objective was to create  
awareness about women  
empowerment among  
students and faculties.

As we all know, India is a male-dominated nation where males are dominant in all areas and females are required to be solely responsible for family care and live at home, including many other constraints. But now a days a picture is changing a lot and women are developing in all over sectors from home to business front. India is a renowned nation that confirms the famous proverb ‘unity is a plurality’ where citizens of many religious beliefs are in Indian society. Many of people are believing and giving a full support to the women to go ahead and set up at their own.

Women Empowerment is the process that creates power in women to live a happy and respectable life in a society. Women are empowered when they can access opportunities in a variety of fields such as in education, profession, lifestyle, etc., without any limitations and restrictions. It includes raising their status through education, awareness, literacy, and training. It also includes the authority to take decisions. When a woman makes a crucial decision, she feels empowered.

We can see the increased number of women’s in Lok Sabha, as women’s are moving ahead with all the sectors not only in political sectors but also in all the sectors. They are equally fighting with the male and making their own stand in the India as well as compare to world.

This year, the theme for International Women’s Day (8 March), “Women in leadership: Achieving an equal future in a COVID-19 world.” celebrates the tremendous efforts by women and girls around the world in shaping a more equal future and recovery from the COVID-19 pandemic and highlights the gaps that remain.

Indira College of Commerce and Science is taking a step to save sparrows as 20th March is celebrated as Sparrow Day. The number of sparrows as well as different species of sparrows are decreasing day by day. Your small contribution is worth millions for the sparrows.

The temperature is rising a lot right now. Sparrows search a lot for water and food for their survival. Students of ICCS had arranged water and food for the sparrows in their area (balcony, roof, window etc.).
