FEEDBACK

Stakeholders Feedback Analysis and Action Taken Report

Semester wise and Year wise structured feedback received from:

- Students
- Teachers
- Employers
- Alumni

The principal objectives of undertaking feedback are listed as follows:

The college has designed a systematic objective and rational feedback so as to receive rightful and appropriate feedback from all the concerned stakeholders. Further college has established ERP mechanism in order to have online and timely collection of feedback from the **students**. The feedback thus received is placed before IQAC for consideration and also action to be taken is discussed. HOD takes feedback of the faculty twice in a semester from **students** and analysis is done. If feedback is poor, then corrective measures are advised by HOD and Principal.

Teachers give their feedback to improve the teaching learning process and enhance the quality of curriculum.

Many **employers** visit the college for recruiting students, after the recruitment procedure they share their overall experience.

Alumni visit the college frequently for giving inputs to the current students by conducting guest lectures, project reviews, workshops and certification programs. They give their feedback about the students and curriculum on a regular basis.

The responses thus received from the different **stakeholders** are then analysed in order to improve overall quality of learning, academic standards, system of administration and maintenance of academic disciplines.

The overall Analysis report has been displayed on College website:
